### FY'24e to see improvements in top and bottom-line

Topic: LAIQON recently released mixed final Q4 results. Moreover, the outlook of performance fees for FY24e, poses LAIQON for another year of solid top-line growth and profitability improvements.

Final results in line: LAIQON released sales and EBITDA prelims in February and both final figures did not deviate. What's new is the net income, which came in slightlyworse than expected at -12.8m (eNuW: € -10.8m) due to (1) € 7.3m negative one-off effects (i.e., € 1.8m non-cash revaluations of limited partners in LAIC and € 5.5m interest expenses for purchase price allocations), lowering the financial result to € -8.9m (eNuW: € -1.5m) and (2) better than expected tax expense of € -7.1m (eNuW: € -2m).

**AuM** growth on track: At end of Q1'24, LAIQON reported € 6.4bn AuMs on group level, an increase of € 300m vs. Y/E'23 (€ 6.1bn). While the split between net capital inflow and valuation gains is indisclosed, we estimate c. € 150m to be performance related and the remaining € 150m to stem from capital inflows across the three segments. For Y/E'24e, we estimate AuMs to stand at € 7bn (+14% yoy), meaning that € 600m (€ 200m per quarter) are needed to reach our estimate.

**Token placement started:** In order to secure further outside growth financing and allow for an independent valuation of LAIQON's subgroup LAIC, the placement of the "LAIC-Token 24" has been started in March. This should lead to proceeds of up to € 6.8m for LAIQON and should value the LAIC subgroup at € 65m, of which LAIQON should hold 80.8% post transaction.

Further improvements for FY'24e: Based on our 14% yoy AuM growth estimate, we expect sales to develop accordingly and increase to € 34.4m (+12% yoy). This should in return lead to an improved bottom-line thanks to the high fix-cost base of LAIQON's business model. We expect EBITDA to improve by 2.5m from € -4.7 in FY'23 to € -2.2m in FY'24e, implying an incremental EBITDA margin of 67%. Further upside could stem from performance fees (not included in our estimates) thanks to capital markets currently developing in LAIQON's favour. For FY'25e, we expect a positive EBITDA of € 3.4m thanks to first full-year effects of the Union Investment cooperation but also thanks to organic growth and thus operating leverage at the other segments.

In our view, the current valuation does not reflect LAIQON's potential. Thus, we reiterate our **BUY recommendation** with unchanged **PT of € 10.00**, based on DFC. - *Analyst change* -

#### 1. General Information/Liabilities

This research report has been produced for the information purposes of institutional investors only, and is not in any way a personal recommendation, offer or solicitation to buy or sell the financial instruments mentioned herein. The document is confidential and is made available by NuWays AG exclusively to selected recipients in the European Union (EU) or, in individual cases, also in other countries. It is not allowed to pass the research report on to persons other than the intended recipient without the permission of NuWays AG. Reproduction of this document, in whole or in part, is not permitted without prior permission NuWays AG. All rights reserved.

Under no circumstances shall NuWays AG, any of its employees involved in the preparation, have any liability for possible errors or incompleteness of the information included in this research report – neither in relation to indirect or direct nor consequential damages. Liability for damages arising either directly or as a consequence of the use of information, opinions and estimates is also excluded. Past performance of a financial instrument is not necessarily indicative of future performance.

#### 2. Responsibilities

This research report was prepared by the research analyst named on the front page (the "Producer"). The Producer is solely responsible for the views and estimates expressed in this report. The report has been prepared independently. The content of the research report was not influenced by the issuer of the analysed financial instrument at any time. It may be possible that parts of the research report were handed out to the issuer for information purposes prior to the publication without any major amendments being made thereafter.

### 3. Organisational Requirements

NuWays AG took internal organisational and regulative precautions to avoid or accordingly disclose possible conflicts of interest in connection with the preparation and distribution of the research report. All members of NuWays AG involved in the preparation of the research report are subject to internal compliance regulations. No part of the Producer's compensation is directly or indirectly related to the preparation of this financial analysis. In case a research analyst or a closely related person is confronted with a conflict of interest, the research analyst is restricted from covering this company.

### 4. Information Concerning the Methods of Valuation/Update

The determination of the fair value per share, i.e. the price target, and the resultant rating is done on the basis of the adjusted free cash flow (adj. FCF) method and on the basis of the discounted cash flow – DCF model. Furthermore, a peer group comparison is made.

The adj. FCF method is based on the assumption that investors purchase assets only at a price (enterprise value) at which the operating cash flow return after taxes on this investment exceeds their opportunity costs in the form of a hurdle rate of 7.5%. The operating cash flow is calculated as EBITDA less maintenance capex and taxes.

Within the framework of the DCF approach, the future free cash flows are calculated initially on the basis of a fictitious capital structure of 100% equity, i.e. interest and repayments on debt capital are not factored in initially. The adjust-

ment towards the actual capital structure is done by discounting the calculated free cash flows with the weighted average cost of capital (WACC), which takes into account both the cost of equity capital and the cost of debt. After discounting, the calculated total enterprise value is reduced by the interest-bearing debt capital in order to arrive at the equity value.

NuWays AG uses the following three-step rating system for the analysed com-

Buy: Sustainable upside potential of more than 20% within 12 months

Sell: Sustainable downside potential of more than 20% within 12 months.

Hold: Upside/downside potential is limited. No immediate catalyst visible.

The decision on the choice of the financial instruments analysed in this document was solely made by NuWays AG. The opinions and estimates in this research report are subject to change without notice. It is within the discretion of NuWays AG whether and when it publishes an update to this research report, but in general updates are created on a regular basis, after 6 months at the latest. A sensitivity analysis is included and published in company's initial studies.

#### 5. Major Sources of Information

Part of the information required for this research report was made available by the issuer of the financial instrument. Furthermore, this report is based on publicly available sources (such as, for example, Bloomberg, Reuters, VWD-Trader and the relevant daily press) believed to be reliable. NuWays AG has checked the information for plausibility but not for accuracy or completeness.

#### 6. Competent Supervisory Authority

NuWays AG is an affiliated company of Hauck Aufhäuser Lampe Privatbank AG which is under supervision of the BaFin – German Federal Financial Supervisory Authority (Bundesanstalt für Finanzdienstleistungsaufsicht), Graurheindorfer Straße 108, 53117 Bonn and Marie-Curie-Straße 24 – 28, 60439 Frankfurt a.M.

#### 7. Specific Comments for Recipients Outside of Germany

This research report is subject to the law of the Federal Republic of Germany and the European Union (EU). The distribution of this information to other states in particular to the USA, Canada, Australia and Japan may be restricted or prohibited by the laws applicable within this state. If this communication is distributed in the United Kingdom it is solely directed at (i) investment professionals as defined in Article 19(5) of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005 (the "FPO") or (ii) high net-worth entities as defined in article 49 of the FPO. This document should not be distributed or forwarded, either directly or indirectly, to any other individuals.

### 8. Miscellaneous

According to Article 4(1) No. i of the delegated regulation 2016/958 supplementing regulation 596/2014 of the European Parliament, further information regarding investment recommendations of the last 12 months are published under: www.nuways-ag.com
