Proxy Statement

GENERAL INFORMATION

This proxy statement is furnished in connection with the solicitation of proxies by or on behalf of management and the board of directors of Cott Corporation (“Cott” or the “Company”) for use at the annual and special meeting of shareowners (the “meeting”) that is to be held at the time and place, and for the purposes, described in the accompanying notice of the meeting and any continuation of the meeting after an adjournment of such meeting.

We are first mailing or making available to shareowners this proxy statement, our 2016 annual report and related materials on or about March 22, 2017. All dollar amounts are in United States dollars unless otherwise stated. All information contained in this proxy statement is as of March 13, 2017, unless otherwise indicated. Our fiscal year ends on the Saturday closest to December 31 of each year. In this proxy statement, therefore, references to the year 2014 are to the fiscal year ended January 3, 2015, references to the year 2015 are to the fiscal year ended January 2, 2016 and references to the year 2016 are to the fiscal year ended December 31, 2016. As used herein, “GAAP” means United States generally accepted accounting principles.

VOTING AT THE MEETING

Who Can Vote

March 13, 2017 is the record date to determine shareowners who are entitled to receive notice of the meeting. Shareowners at the close of business on that date will be entitled to vote at the meeting. As of the record date, 138,889,813 common shares were outstanding. Each common share entitles the holder to one vote on all matters presented at the meeting.

Voting By Registered Shareowners

The following instructions are for registered shareowners only. **If you are a non-registered beneficial shareowner, please follow your intermediary’s instructions on how to vote your shares.** See below under “**Voting By Non-Registered Beneficial Shareowners.**”

Voting in Person

Registered shareowners who attend the meeting may vote the shares registered in their name on resolutions put before the meeting. If you are a registered holder who will attend and vote in person at the meeting, you do not need to complete or return the form of proxy, although you are requested to do so. Please register your attendance with the scrutineer, Computershare Investor Services Inc. (“**Computershare**”), upon your arrival at the meeting. Whether or not you plan to attend the meeting, you are requested to complete and promptly return the enclosed proxy.

Voting by Proxy

If you are a registered shareowner but do not plan to attend the meeting in person, there are four ways that you can vote your proxy:

Mail: You may vote by completing, dating and signing the enclosed form of proxy and returning it to Computershare no later than 5:00 p.m. local time in Toronto on April 28, 2017, or the last business day prior to any postponed or adjourned meeting, by mail to 100 University Avenue, 8th Floor, Toronto, Ontario, Canada M5J 2Y1 using the envelope provided.

[Table of Contents](#)

Fax: You may vote by completing, dating and signing the enclosed form of proxy and faxing it to Computershare at 1-866-249-7775 (toll free within Canada and the United States) or 1-416-263-9524 (outside Canada and the United States) no later than 5:00 p.m. local time in Toronto on April 28, 2017 or the last business day prior to any postponed or adjourned meeting.

Internet: You may vote over the Internet by accessing www.investorvote.com and following the proxy login and voting procedures described for the meeting. The enclosed form of proxy contains certain information required for the Internet voting process. Detailed voting instructions will then be conveyed electronically via the Internet to those who have completed the login procedure. You may vote (and revoke a previous vote) over the Internet at any time before 5:00 p.m. local time in Toronto on April 28, 2017 or the last business day prior to any postponed or adjourned meeting.

The Internet voting procedure, which complies with Canadian law, is designed to authenticate shareowners' identities, to allow shareowners to vote their shares and to confirm that shareowners' votes have been recorded properly. Shareowners voting via the Internet should understand that there may be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies that must be borne by the shareowners. Also, please be aware that Cott is not involved in the operation of the Internet voting procedure and cannot take responsibility for any access or Internet service interruptions that may occur or any inaccurate, erroneous or incomplete information that may appear.

Other: If you have not availed yourself of any of the foregoing voting procedures by 5:00 p.m. local time in Toronto on April 28, 2017 or the last business day prior to any postponed or adjourned meeting but still wish to vote by proxy, you may vote by (i) completing, dating and signing the enclosed form of proxy and faxing it to the attention of our Secretary at (813) 881-1923, or (ii) having the person you have chosen as your proxyholder deliver it in person to our Secretary, in each case so that it is received prior to the commencement of the meeting or any postponed or adjourned meeting.

What Is a Proxy?

A proxy is a document that authorizes another person to attend the meeting and cast votes on behalf of a registered shareowner at the meeting. If you are a registered shareowner, you can use the accompanying proxy form. You may also use any other legal form of proxy.

How do You Appoint a Proxyholder?

Your proxyholder is the person you appoint to cast your votes for you at the meeting. The persons named in the enclosed form of proxy are directors or officers of Cott. You may choose those individuals or any other person to be your proxyholder. Your proxyholder does not have to be a shareowner of Cott. If you want to authorize a director or officer of Cott who is named on the enclosed proxy form as your proxyholder, please leave the line near the top of the proxy form blank, as their names are pre-printed on the form. **If you want to authorize another person as your proxyholder, fill in that person's name in the blank space located near the top of the enclosed proxy form.**

Your proxy authorizes the proxyholder to vote and otherwise act for you at the meeting, including any continuation of the meeting if it is adjourned.

How Will a Proxyholder Vote?

If you mark on the proxy how you want to vote on a particular issue, your proxyholder must cast your votes as instructed. By checking "WITHHOLD" on the proxy form, you will be abstaining from voting.

If you do NOT mark on the proxy how you want to vote on a particular matter, your proxyholder is entitled to vote your shares as he or she sees fit. If your proxy does not specify how to vote on any particular matter, and if you have authorized a director or officer of Cott to act as your proxyholder, your shares will be voted at the meeting:

- FOR the election of the nominees named in this proxy statement as directors;
- FOR the approval of the appointment of PricewaterhouseCoopers LLP as Cott's independent registered certified public accounting firm;
- FOR the approval, on a non-binding advisory basis, of the compensation of the Company's named executive officers, as such information is disclosed in the Compensation Discussion and Analysis, the compensation tables and the accompanying narrative disclosure beginning on page 18 (commonly referred to as "say-on-pay");
- FOR the approval, on a non-binding advisory basis, to hold a say-on-pay vote ONCE EVERY YEAR; and
- FOR the approval of a reduction of the stated capital of our common shares to \$500 million described under "Approval of Reduction in Stated Capital" beginning on page 63 of this proxy statement, in accordance with the resolution attached as Appendix A to this proxy statement on page A-1.

For more information on these matters, please see "Election of Directors," beginning on page 7, "Independent Registered Certified Public Accounting Firm—Approval of Appointment of Independent Registered Certified Public Accounting Firm" on page 58, "Advisory Vote on Executive Compensation" on page 61, "Advisory Vote on the Frequency of an Advisory Vote on Executive Compensation" on page 62 and "Approval of Reduction in Stated Capital" on page 63.

If any amendments are proposed to these matters, or if any other matters properly arise at the meeting, your proxyholder can generally vote your shares as he or she sees fit. The notice of the meeting sets out all the matters to be presented at the meeting that are known to management as of March 13, 2017.

How do You Revoke Your Proxy?

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before the meeting by delivering to our Secretary a written notice of revocation or a duly executed proxy bearing a later date, by voting via the Internet at a later date or by attending the meeting and voting in person. You may send a written notice to our Secretary to the following address: 5519 West Idlewild Avenue, Tampa, Florida U.S.A. 33634.

This revocation must be received by our Secretary before the meeting (or before the date of the reconvened meeting if it is adjourned), or in any other way permitted by law.

If you revoke your proxy and do not replace it with another form of proxy that is properly deposited, you may still vote shares registered in your name in person at the meeting.

Voting By Non-Registered Beneficial Shareowners

If your common shares are not registered in your name but in the name of an intermediary (typically a bank, trust company, securities dealer or broker, or a clearing agency in which an intermediary participates), then you are a non-registered beneficial shareowner (as opposed to a registered shareowner). Copies of this document have been distributed to intermediaries who are required to deliver them to, and seek voting instructions from, our non-registered beneficial shareowners. Intermediaries often use a service company (such as Computershare or Broadridge Investor Communications ("Broadridge")) to forward meeting materials to beneficial shareowners.

[Table of Contents](#)

Cott intends to pay for intermediaries to deliver proxy-related materials and the request for voting instructions (Form 54-101F7) to “objecting beneficial owners” in accordance with National Instrument 54-101. If you are a non-registered beneficial shareowner, you can vote your common shares by proxy, by following the instructions your intermediary provides to you, through your intermediary or at the meeting. As a non-registered beneficial shareowner, while you are invited to attend the meeting, you will not be entitled to vote at the meeting unless you make the necessary arrangements with your intermediary to do so.

Voting in Person

A non-registered beneficial shareowner who received a voting instruction form from the intermediary and who wishes to attend and vote at the meeting in person (or have another person attend and vote on their behalf) should strike out the proxyholders named in the voting instruction form and insert the beneficial shareowner’s (or such other person’s) name in the blank space provided or follow the corresponding instructions provided by the intermediary.

Voting by Proxy through Intermediary

Internet : If your intermediary is registered with Computershare or Broadridge, both of which we have retained to manage beneficial shareowner Internet voting, you may vote over the Internet by following the proxy login and voting instructions on your voting instruction form.

Through Intermediary: A beneficial shareowner who does not vote via the Internet will be given a voting instruction form or other document by his or her intermediary that must be submitted by the beneficial shareowner in accordance with the instructions provided by the intermediary. In such case, you **cannot** use the Internet voting procedures described above and **must** follow the intermediary’s instructions (which in some cases may allow the completion of the voting instruction form by telephone or on the intermediary’s Internet website). Occasionally, a beneficial shareowner may be given a form of proxy that has been signed by the intermediary and is restricted to the number of shares owned by the beneficial shareowner but is otherwise not completed. This form of proxy does not need to be signed by the beneficial shareowner. In this case, you can complete the form of proxy and vote by mail or facsimile only in the same manner as described above under “**Voting by Registered Shareowners—Voting by Proxy**” beginning on page 1 of this proxy statement.

In all cases, beneficial shareowners should carefully follow the instructions provided by the intermediary.

Proxies returned by intermediaries as “non-votes” because the intermediary has not received instructions from the beneficial shareowner with respect to the voting of certain shares, or because under applicable stock exchange or other rules, the intermediary does not have the discretion to vote those shares on one or more of the matters that come before the meeting, will be treated as not entitled to vote on any such matter and will not be counted as having been voted in respect of any such matter. Shares represented by such broker “non-votes” will, however, be counted in determining whether there is a quorum for the meeting. In addition to being able to submit to Cott or the intermediary, as applicable, a voting instruction form, beneficial shareowners are permitted to submit any other documents in writing that requests that the beneficial shareowner or a nominee thereof be appointed as a proxyholder.

Confidentiality of Vote

Computershare counts and tabulates proxies in a manner that preserves the confidentiality of your votes. Proxies will not be submitted to management unless:

- there is a proxy contest;
- the proxy contains comments clearly intended for management; or
- it is necessary to determine a proxy’s validity or to enable management and/or the board of directors to meet their legal obligations to shareowners or to discharge their legal duties to Cott.

Quorum

The annual meeting requires a quorum, which for this meeting means:

- at least two persons personally present, each being a shareowner entitled to vote at the meeting or a duly appointed proxy for an absent shareowner so entitled; and
- persons owning or representing not less than a majority of the total number of our shares entitled to vote.

Vote Counting Rules

All matters that are scheduled to be voted upon at the meeting, other than as set out below, are ordinary resolutions. Ordinary resolutions are passed by a simple majority of votes: if more than half of the votes that are cast are cast in favor, the resolution passes. Ten directors nominated must be elected by ordinary resolution of the shareowners. Pursuant to Cott's Majority Voting and Director Resignation Policy, if a nominee in an uncontested election does not receive the vote of at least the majority of the votes cast (including votes "for" and votes "withheld"), such director is required to promptly deliver written notice to the Corporate Governance Committee offering to resign from the board of directors. Cott's Majority Voting and Director Resignation Policy is described more particularly below under the heading "**Majority Voting and Director Resignation Policy**" on page 13 of this proxy statement.

The approval of Cott's independent registered certified public accounting firm must be approved by ordinary resolution of the shareowners. Due to the non-binding advisory nature of the matter to be voted upon in respect of the compensation of Cott's executive officers, there is no minimum vote requirement for the proposal. However, the matter will be considered to have passed with the affirmative vote of a majority of the votes cast by shareowners that are present or represented and entitled to vote at the meeting. Similarly, since the non-binding advisory vote on the frequency of say-on-pay votes seeks the input of shareowners and provides shareowners with multiple voting options, the options being every one, two or three years, there is no minimum vote requirement for the proposal. However, the frequency option receiving the greatest number of votes will be considered the frequency recommended by shareowners.

The approval of the reduction in stated capital is a special resolution, which must be approved by not less than sixty-six and two-thirds percent (66 2/3%) of the votes cast by the shareowners.

Proxies may be marked "FOR," "AGAINST" or "WITHHOLD/ABSTAIN." Abstentions/withholding and broker non-votes are counted for purposes of establishing a quorum, but they are not counted as votes cast for or against a proposal.

Solicitation of Proxies

The cost of soliciting proxies will be borne by Cott. In addition, Cott may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation materials to such beneficial owners. Proxies may also be solicited by certain of our directors, officers and employees, without additional compensation, personally or by telephone, telegram, letter or facsimile. We have hired MacKenzie Partners, Inc., a professional soliciting organization, to assist us in distributing proxy solicitation materials and responding to information requests from shareowners with respect to the materials. For these services, MacKenzie Partners, Inc. will be paid a fee of \$12,000, plus limited reimbursement for out-of-pocket expenses.

Please Complete Your Proxy

Our management, with the support of the board of directors, requests that you fill out your proxy to ensure your votes are cast at the meeting. **This solicitation of your proxy (your vote) is made on behalf of management and the board of directors .**

PROCEDURE FOR CONSIDERING SHAREOWNER PROPOSALS

If you want to propose any matter for inclusion in our 2018 proxy statement, it must be received by our Vice President, General Counsel and Secretary no later than November 22, 2017 at Cott Corporation, 5519 West Idlewild Avenue, Tampa, Florida, U.S.A. 33634.

Our by-laws fix a deadline by which shareowners must submit director nominations prior to any meeting of shareowners. In the case of annual meetings, advance notice must be delivered to us not less than 30 nor more than 60 days prior to the date of the annual meeting; provided, however, that if the annual meeting is called for a date that is less than 50 days after the date on which the first public announcement of the date of the annual meeting was made, advance notice may be made not later than the close of business on the 10th day following the date on which the public announcement of the date of the annual meeting is first made by us. In the case of a special meeting of shareowners (which is not also an annual meeting), advance notice must be delivered to us no later than the close of business on the 15th day following the day on which the public announcement of the date of the special meeting is first made by us. Our by-laws also require any shareowner making a director nomination to provide certain important information about its nominees with its advance notice. Only shareowners who comply with these requirements will be permitted to nominate directors to the board of directors unless the “advance notice” requirements of our by-laws are waived by the board of directors in its sole discretion. You are advised to review our by-laws, which contain additional requirements about advance notice of director nominations.

FINANCIAL STATEMENTS

At the meeting, we will submit to our shareowners Cott's annual consolidated financial statements for the year ended December 31, 2016, and the related report of Cott's independent registered certified public accounting firm. No vote will be taken regarding the financial statements.

ELECTION OF DIRECTORS

The Corporate Governance Committee of the board of directors (the "**Corporate Governance Committee**") reviews annually the qualifications of persons proposed for election to the board and submits its recommendations to the board for consideration.

In the opinion of the Corporate Governance Committee and the board, each of the 10 nominees for election as a director is well qualified to act as a director of Cott and, together, the nominees bring the mix of independence, diversity, expertise and experience necessary for the board and its committees to function effectively. Our approach to corporate governance and the roles of the board and its committees are described under "**Corporate Governance**" on page 49 of this proxy statement.

During 2016, the board of directors held nine meetings. Each of our incumbent directors attended, in person or by telephone, 75% or more of the applicable meetings of the board of directors and committees on which they served in 2016.

Set forth below is certain information concerning our nominees for election as directors of Cott, including information regarding each person's service as a director, committee membership, business experience, director positions held currently or at any time during the last five years, information regarding involvement in certain legal or administrative proceedings, if applicable, and the experiences, qualifications, attributes or skills that caused the Corporate Governance Committee and the board of directors to determine that the person should serve as a director of Cott. Because Cott is a Canadian corporation, we are required to have at least 25% of our directors be Canadian residents. The directors who are Canadian residents are identified below. If elected, each director will hold office until the next annual meeting of shareowners.

The board has considered the independence of each of the nominees for election as directors of Cott for purposes of the rules of the SEC, New York Stock Exchange (“ NYSE ”) and, where applicable, National Instrument 58-101—Disclosure of Corporate Governance Practices (“ NI 58-101 ”) of the Canadian Securities Administrators. All nominees are independent except for Mr. Fowden, our Chief Executive Officer. See “ **Certain Relationships and Related Transactions** ” on page 16 of this proxy statement for further discussion of the board’s determinations as to independence.

He served as a director of that company from July 2003 until November 2009. In addition, the British Columbia Securities Commission issued a cease trade order against an insider of Hollinger resident in British Columbia on May 21, 2004, as updated on May 31, 2004 (the "**BC Cease Trade Order**"). To the knowledge of Cott, none of its directors and officers has been subject to (i) any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority, or (ii) any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable securityholder in deciding whether to invest in Cott.

Majority Voting and Director Resignation Policy

Pursuant to Cott’s Majority Voting and Director Resignation Policy, if a nominee in an uncontested election does not receive the vote of at least the majority of the votes cast, the director is required to promptly deliver a written notice to the Corporate Governance Committee offering to resign from the board of directors. Following receipt of an offer of resignation, the Corporate Governance Committee must consider whether or not to accept the offer of resignation and recommend to the board of directors whether or not to accept it. With the exception of exceptional circumstances that would warrant the continued service of the applicable director on the board of directors, the Corporate Governance Committee is expected to accept and recommend acceptance of the resignation by the board of directors. In considering whether or not to accept the resignation, the Corporate Governance Committee may consider factors provided as guidance by the Toronto Stock Exchange (the “**TSX**”) and all factors deemed relevant by members of the Corporate Governance Committee including, without limitation, any stated reasons why shareowners withheld votes from the election of that nominee, the length of service and the qualifications of the director whose resignation has been submitted, such director’s contributions to Cott, Cott’s governance guidelines and Cott’s obligations under applicable laws. The board of directors must make its decision on the Corporate Governance Committee’s recommendation within 90 days following the meeting of Cott’s shareowners. In considering the Corporate Governance Committee’s recommendation, the board will evaluate the factors considered by the Corporate Governance Committee and such additional information and factors that the board of directors deems relevant and, with the exception of exceptional circumstances that would warrant the continued service of the applicable director on the board of directors, the board of directors will accept the resignation. If an offer of resignation is accepted in accordance with this policy, the board of directors may in accordance with the provisions of Cott’s articles and by-laws appoint a new director to fill any vacancy created by the resignation or reduce the size of the board of directors.

COMPENSATION OF DIRECTORS

We use a combination of cash and stock-based compensation to attract and retain qualified candidates to serve on the board. We set director compensation at a level that reflects the significant amount of time and high skill level required of directors in performing their duties for Cott and for its shareowners. In 2016, other than Jerry Fowden, our Chief Executive Officer, no employees served as directors. Mr. Fowden’s compensation during 2016 has been fully reflected in the Summary Compensation Table on page 34 of this proxy statement. We provided the following annual compensation to our non-employee directors in 2016:

Directors' Compensation Schedule

The compensation of directors is considered in light of the overall governance structure of Cott. Compensation for directors is recommended to the board by the Human Resources and Compensation Committee (the "**Compensation Committee**") and is approved by the independent directors. Director compensation is set solely on an annual fee basis (paid quarterly in arrears) and per-meeting attendance fees are not paid. Generally, directors are not separately compensated for service on board committees in roles other than the committee chair.

During 2016, directors of Cott were entitled to the following annual fees:

<u>Category</u>	<u>Annual Fees</u>
Annual board retainer	\$ 81,000
Annual fee for the non-executive chair of the board	\$ 100,000

Share Ownership Requirements for Board Members

The board of directors has adopted minimum share ownership requirements for non-management directors. Under the requirements, each such director must own common shares having a minimum aggregate value equal to five times his or her annual board retainer fee (excluding additional committee or chairman retainers). The Compensation Committee or the board of directors may, from time to time, reevaluate and revise these guidelines to give effect to changes in Cott's common share price or capitalization. The value of shares owned by each director is recalculated on an annual basis on December 31 of each year. Compliance with the requirements is measured by the General Counsel on December 31 of each year and reported to the Compensation Committee. Directors are not required to attain the minimum ownership level by a particular deadline. However, until the guideline amount is achieved, such directors are required to retain an amount equal to 100% of net shares received as equity compensation. Once a director achieves the applicable ownership guideline, such director will be considered in compliance, regardless of any changes in the price of Cott common shares, so long as such director continues to own at least the number of Cott common shares owned in order to achieve the applicable guideline. "Net shares" are defined as those shares that remain after shares are sold or netted to pay the exercise price of stock options (if applicable) and taxes payable upon the grant of a stock payment or the vesting of restricted shares, restricted share units, performance shares, or performance share units or the exercise of stock options or stock appreciation rights. Failure to meet or to show sustained progress toward meeting the guidelines may be a factor considered by the Compensation Committee in determining future long-term incentive equity grants to such directors. Shares purchased on the open market may be sold in compliance with Cott's policies and applicable securities law. These requirements are designed to ensure that directors' long-term interests are closely aligned with those of our shareowners. Each of the incumbent non-management directors holds common shares in excess of the threshold required by the share ownership guidelines as of December 31, 2016.

Section 16(a) Beneficial Ownership Reporting Compliance

Our directors and executive officers and any beneficial owner of more than 10% of our common shares, as well as certain affiliates of those persons, must file reports with the SEC showing the number of common shares they beneficially own and any changes in their beneficial ownership. Based on our review of these reports and written representations of our directors and executive officers, we believe that all required reports in 2016 were filed in a timely manner.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The board has determined that nine of the nominees for director, Mark Benadiba, David T. Gibbons, Stephen Halperin, Betty Jane Hess, Gregory Monahan, Mario Pillozzi, Andrew Prozes, Eric Rosenfeld and Graham W. Savage, are independent within the meaning of the rules of the SEC, NYSE and NI 58-101. A director is “independent” in accordance with the rules of the SEC, NYSE and NI 58-101 if the board affirmatively determines that such director has no material relationship with us (either directly or as a partner, shareowner or officer of an organization that has a relationship with us). Mr. Fowden is a management director and is therefore not independent.

With respect to Mr. Halperin, the board of directors considered Mr. Halperin’s position as a partner of Goodmans LLP, a law firm that provides services to Cott on a regular basis, and determined that Mr. Halperin is independent. The amount of fees earned by Goodmans LLP for legal services rendered to Cott is financially immaterial to Goodmans LLP and to Mr. Halperin’s compensation from such firm. Although fees paid by the Company to Goodmans LLP are immaterial to that firm and Mr. Halperin’s compensation, concern has been expressed by certain shareowners with respect to Mr. Halperin’s service on board committees comprising solely independent directors in light of this relationship. To address this concern, Mr. Halperin and the board of directors have agreed that he not serve on standing board committees.

Each director and nominee for election as director delivers to Cott annually a questionnaire that includes, among other things, a request for information relating to any transactions in which both the director or nominee, or their family members, and Cott participates, and in which the director or nominee, or such family member, has a material interest. Pursuant to Cott’s Corporate Governance Guidelines and the charter of the Corporate Governance Committee, the Corporate Governance Committee is required to review all transactions between Cott and any related party (including transactions reported to it by a director or nominee in response to the questionnaire, or that are brought to its attention by management or otherwise), regardless of whether the transactions are reportable pursuant to Item 404 of Regulation S-K under the Securities and Exchange Act of 1934, as amended (the “**Exchange Act**”).

After considering advice from the Corporate Governance Committee, the board of directors is required to review, and, if appropriate, approve or ratify, such related party transactions. A “related party transaction” is defined under the Corporate Governance Guidelines as any transaction in which Cott was or is to be a participant and in which any related party has a direct or indirect material interest, other than transactions that (i) are available to all employees generally, (ii) involve compensation of executive officers or directors duly authorized by the appropriate board committee, or (iii) involve reimbursement of expenses in accordance with Cott’s established policy.

A “related party” is defined under the Corporate Governance Guidelines as any person who is, or at any time since the beginning of Cott’s last fiscal year was, an executive officer or director (including in each case nominees for director), any shareowner owning in excess of 5% of Cott’s common shares, or an immediate family member of an executive officer, director, nominee for director or 5% shareowner.

An “immediate family member” is defined under the Corporate Governance Guidelines as a person’s spouse, parents, stepparents, children, stepchildren, siblings, mother- and father-in-law, sons- and daughters-in-law, brothers- and sisters-in-law, and anyone (other than employees) who shares such person’s home.

Management and directors must also update the board of directors as to any material changes to proposed transactions as they occur.

Because related party transactions potentially vary, the Corporate Governance Committee or the board of directors has not to date developed a written set of standards for evaluating them, but rather addresses any such transactions on a case-by-case basis.

To the knowledge of the directors, no insider, director or proposed nominee for election as a director, or any associate or affiliate of any such persons, had any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any material transaction with Cott since January 3, 2016.

None of the directors, executive officers, employees, former executive officers, former directors or former employees of Cott has any indebtedness to Cott or any of its subsidiaries.

COMPENSATION OF EXECUTIVE OFFICERS

Compensation Discussion and Analysis

Executive Summary

We seek to incentivize management to increase long-term, sustainable shareowner value giving appropriate consideration to risk and reward. We strive to focus management on executing our vision to create a highly cash generative business, in higher margin, stable to growing “Good For You” beverage categories distributed through multiple channels with a reduced dependence on large format retailers. This vision combines four elements: (1) focus on growth in our “Water & Coffee Solutions” reporting segment, (2) capture DSS, Aquaterra and Eden synergies, (3) grow contract manufacturing and other beverage categories in our traditional business and (4) evaluate mid-to-larger scale acquisitions. Our compensation programs are designed to reward executives based on the achievement of both individual and corporate performance targets, while at the same time avoiding the encouragement of unnecessary or excessive risk-taking. Our named executive officers’ total compensation consists of a base salary, opportunities for annual performance-based cash bonus compensation, and long-term compensation in the form of equity ownership.

This Compensation Discussion and Analysis focuses on the compensation of our named executive officers for 2016, who were:

Jerry Fowden	Chief Executive Officer
Jay Wells	Chief Financial Officer
Thomas Harrington	President Services / Chief Executive Officer—DSS
Marni Morgan Poe	Vice President, General Counsel and Secretary
Carlos Baila	Chief Procurement Officer and Chief Operations Officer—North America Business Unit

We believe that our named executive officers were instrumental in helping us execute our vision, as follows:

- We expanded our positions in the home and office delivery (“**HOD**”) water, office coffee services and filtration services categories by completing several acquisitions in 2016, including Aquaterra Corporation, a Canadian direct-to-consumer HOD bottled water and office coffee services business, Eden Springs Europe B.V, a leading provider of water and coffee solutions in Europe, and S. & D. Coffee, Inc., a premium coffee roaster and provider of customized coffee, tea, and extract solutions to the foodservice, convenience, gas, hospitality and office segments in the United States.
- We continued to focus on synergy capture and integration of these acquired businesses, focusing on “back of the house” synergies within procurement, distribution, information technology and selling, general and administrative expenses.
- We completed ten separate HOD water tuck-in acquisitions in our “Water & Coffee Solutions” reporting segment, which complements our organic growth in this reporting segment.
- We continued to grow our North America traditional business unit contract manufacturing business, with actual case volume increasing 9.0% from the prior year.

In 2016, the Compensation Committee and management continued to implement compensation and corporate governance best practices that reflect our financial position and our business, including:

- Salary, bonus and perquisite decisions reflecting our results for the year, including:
 - o We determined to increase the base salary for each of our named executive officers;
 - o Each of our named executive officers, other than the President Services / Chief Executive Officer of DSS (the “**DSS CEO**”), received a performance bonus equal to 81.0% of target award opportunity. The DSS CEO did not receive a performance bonus for 2016, as actual EBITDA results were below the “threshold” target established for the DSS bonus pool;

- o Perquisites available to our named executive officers continued to be limited to an annual executive physical examination and a car allowance.
- Awards of a combination of performance-based restricted share units (37.5%), time-based restricted share units (25%), and stock options (37.5%) to each of our named executive officers. The performance-based restricted share units vest based upon the achievement of a specific level of cumulative pre-tax income over the three-year period ending at the end of fiscal 2018. All of the time-based restricted share units and stock options provide for pro rata vesting (ratable vesting in three equal annual installments). Dividends will accrue on unvested time-based restricted share units and performance-based restricted share units and will be paid only to the extent the underlying award vests. Our goal in linking an element of our long-term incentives to three-year financial results is to align our named executive officers' incentives with the long-term interests of our shareowners. For grants in the 2017 annual grant cycle made in December 2016, our named executive officers received the same types and relative percentages of equity awards as were awarded earlier in 2016. **Since these awards were granted in 2016, their grant date fair values, along with the grant date fair values of awards granted earlier in 2016, are reflected in the Summary Compensation Table on page 34.**
- A number of policies designed to further our compensation goals and strategies:
 - o A clawback policy to allow the board of directors to recoup any excess annual or long-term incentive compensation paid to our current and former executive officers in the event of a required accounting restatement of a financial statement of Cott, whether or not based on misconduct, due to material non-compliance with any financial reporting requirement under the securities laws of the United States. The clawback policy is intended to reduce potential risks associated with our incentive plans, and thus better align the long-term interests of our named executive officers and shareowners.
 - o A "no-hedging" policy that prohibits our directors, named executive officers, and other key executive officers from engaging in any hedging or monetization transactions, such as zero-cost collars and forward sale contracts, with respect to Cott securities.
 - o A policy prohibiting directors and employees, including named executive officers, from engaging in any short-term, speculative transactions involving Cott securities, including purchasing securities on margin, engaging in short sales, buying or selling put or call options, and trading in options.
 - o A policy prohibiting directors and employees, including named executive officers, from holding Cott securities in a margin account or pledging Cott securities as collateral for a loan.
 - o Share ownership guidelines that require our directors, named executive officers, and other key employees to hold a certain amount of shares received as equity compensation from Cott, with the amount set at a particular multiple of base salary.
- The Compensation Committee's continued engagement of an independent compensation consultant that does not provide any services to management and that had no relationship with management prior to the engagement.
- The continued administration of a robust risk management program, which includes our Compensation Committee's oversight of the ongoing evaluation of the relationship between our compensation programs and risk, as well as the oversight of risk by the Audit Committee on behalf of the full board pursuant to the Audit Committee Charter.

We believe that the following table is helpful in understanding the targeted versus actual payout of the performance-based cash bonuses to our named executive officers over the previous three fiscal years. This table supplements the information in the Summary Compensation Table appearing following Compensation Discussion and Analysis.

PERFORMANCE-BASED CASH BONUS ACHIEVEMENT HISTORY

<u>Named Executive Officer</u>	<u>Fiscal Year</u>	<u>Cash Incentives Actual Payout Against Target</u>
Jerry Fowden Chief Executive Officer	2016	81.0%
	2015	114.0%

Jay Wells Chief Financial Officer	2016	81.0%

Carlos Baila ⁽²⁾ Chief Procurement Officer and Chief Operations Officer—North America Business Unit	2016	81.0%

	2014	—

(1) Mr. Harrington did not receive a performance bonus for 2014 or 2016, as actual EBITDA results for that year were below the “threshold” target established for the DSS bonus pool.

(2) Mr. Baila was not a named executive officer in 2014 or 2015.

As we believe the above information indicates, Cott’s annual performance bonus plan emphasizes compensation that is at-risk and generally only payable based on the achievement of challenging corporate and individual targets. We encourage you to read this Compensation Discussion and Analysis for details regarding our executive compensation program, including information about the 2016 compensation of the named executive officers.

Say-on-Pay and Say-on-Frequency Results

At the 2016 annual meeting of shareowners, we solicited from our shareowners an advisory vote on the compensation of our named executive officers. The shareowners voted to approve, on an advisory basis, the compensation of our named executive officers, as such information is disclosed in the Compensation Discussion and Analysis, the compensation tables and the accompanying narrative disclosure, set forth in our 2016 annual meeting proxy statement. The vote was 98.16% of the shares voting “For,” 1.80% of the shares voting “Against,” and 0.04% of the shares “Withholding” their votes.

The Compensation Committee took into account the result of the shareowner vote in determining executive compensation policies and decisions since the 2016 annual meeting of shareowners. The Compensation Committee viewed the vote as an expression of the shareowners’ general satisfaction with our current executive compensation programs.

At this meeting, we will hold a non-binding advisory vote on the frequency of future executive compensation advisory votes. As further described under the heading “ **Advisory Vote on the Frequency of an Advisory Vote on Executive Compensation** ” on page 62, the board is recommending that you vote to conduct a non-binding, advisory vote on executive compensation once every year.

Overview of Compensation Program

The Compensation Committee is responsible for overseeing Cott’s compensation reward programs, which include compensation (base salary, bonus, and equity compensation) and limited perquisites as described below and as set forth in the Summary Compensation Table. In addition, the Compensation Committee is responsible

for overseeing talent management and succession planning for the senior management team, as well as setting objectives and evaluating the performance of Cott's Chief Executive Officer. To assist in executing its responsibilities, the Compensation Committee may retain independent compensation consultants, at Cott's expense, who report solely to the Compensation Committee. The Compensation Committee is responsible for ensuring that the total compensation paid to our Chief Executive Officer and the officers who directly report to him is fair, reasonable and competitive. The Compensation Committee must recommend to the independent members of the board of directors, and the board must review and, if it deems appropriate, approve any changes to our Chief Executive Officer's compensation package. The Compensation Committee reviews and approves all compensation packages and any adjustments thereto for the direct reports. The Compensation Committee also approves any severance packages to departing direct reports, as well as the severance plans that govern the terms of the severance packages. We refer to the officers who report directly to our Chief Executive Officer as "**direct reports**," which in 2016 included all of our named executive officers other than Mr. Fowden.

Company Objectives

The primary objectives of our current compensation program are to incentivize management to increase long-term, sustainable shareowner value, giving appropriate consideration to risk and reward, and to focus management on executing our vision. Periodically, the Compensation Committee reviews and approves the design of our compensation programs to ensure that it provides sufficient compensation opportunities for executives in order to attract, retain and motivate the best possible management team. Our compensation programs are designed to:

- Establish pay levels with reference to personal performance and external competitiveness with relevant labor markets and the relative value of the role in Cott's business, with the ultimate objective of aligning our named executive officers' compensation with the market median of the compensation of executives performing similar functions in the competitive market and in Cott's peer group;
- Achieve this alignment by making incremental adjustments to components of named executive officers' compensation over time, with the type and magnitude of such adjustments made in light of Cott's overall business performance;
- Reward executives based on the achievement of both individual and corporate performance targets, while at the same time avoiding the encouragement of unnecessary or excessive risk-taking; and
- Deliver conservative, market-based executive benefits.

Our compensation packages for named executive officers consist of a base salary, opportunities for annual performance-based cash bonus compensation, and long-term compensation in the form of equity ownership. The Compensation Committee has selected these components because it believes they align the interests of our named executive officers with those of our long-term shareowners and motivate these executives to achieve our goals.

Setting Executive Compensation and the Role of Executive Officers in Compensation Decisions

Periodically, the Compensation Committee determines what adjustments, if any, to base salary, cash performance bonus amounts, performance targets for performance-based compensation, and the applicable levels and targets for other compensation would be appropriate for our Chief Executive Officer, and recommends any adjustments to the board of directors. The board considers the Compensation Committee's proposals and, if acceptable, approves them.

The Compensation Committee also determines whether any adjustments to compensation would be appropriate for the direct reports. The Compensation Committee, annually and as it otherwise deems appropriate, meets with our Chief Executive Officer and our Corporate Human Resources Vice President to obtain recommendations with respect to our compensation programs and packages for the direct reports. The Chief Executive Officer and our Corporate Human Resources Vice President may make recommendations to the

[Table of Contents](#)

Compensation Committee on base salary, long-term incentive plan awards, performance targets, and other compensation terms for the direct reports that the Compensation Committee may consider. The Compensation Committee considers management's proposals, reviews independent data to validate these recommendations and, if acceptable, approves them. The Compensation Committee is not bound to, and does not always accept, management's recommendations with respect to executive compensation for the direct reports. In addition, the Compensation Committee has the authority to access (at Cott's expense) independent, outside compensation consultants and other advisors for both advice and competitive data as it determines the level and nature of Cott's executive compensation.

In 2016, the Compensation Committee continued to retain Frederic W. Cook & Co. ("Cook") as its sole independent compensation consultant. Cook only performs work for and reports directly to the Compensation Committee and attends Compensation Committee meetings as requested. Cook provided recommendations to the Compensation Committee on the competitiveness and appropriateness of all elements of executive compensation, including the Chief Executive Officer's compensation. Cook did not provide any additional services to the board or management in 2016.

The Compensation Committee has considered the independence of Cook in light of SEC rules and NYSE listing standards. In connection with this process, the Compensation Committee has reviewed, among other items, a report from Cook addressing the independence of Cook and the members of the consulting team serving the Compensation Committee, including the following factors: (i) other services provided to Cott by Cook; (ii) fees paid by Cott as a percentage of Cook's total revenue; (iii) policies or procedures of Cook that are designed to prevent conflicts of interest; (iv) any business or personal relationships between the senior advisor of the consulting team with a member of the Compensation Committee; (v) any Cott stock owned by the senior advisor or any immediate family member; and (vi) any business or personal relationships between our executive officers and the senior advisor. The Compensation Committee discussed these considerations and concluded that the work performed by Cook and its senior advisor involved in the engagement did not raise any conflict of interest.

The Compensation Committee periodically reviews compensation data and pay practices from Cott's peer group and general industry surveys to determine the "market median" of the compensation of executives performing similar functions in the competitive market and in Cott's peer group. However, the board of directors and the Compensation Committee retain discretion in setting the compensation for our Chief Executive Officer and his direct reports, respectively. As a result, compensation for these executives may differ materially from the peer group and may vary according to factors such as experience, position, tenure, individual and organizational factors, and retention needs, among others. The Compensation Committee periodically evaluates and selects which companies to reference for purposes of executive compensation competitiveness. With guidance from its compensation consultant and input and discussion with management, the Compensation Committee discusses annually whether the mix of companies in the peer group produces a valid competitive analysis relative to our talent requirements.

The Compensation Committee, with input from Cook, determined in 2015 that the peer group below, consisting of selected North American companies, was appropriate for setting 2016 target compensation.

During its October 2016 meeting, the Compensation Committee, with input from Cook, reviewed the peer group that would be used for setting 2017 target compensation and determined to remove National Beverage Corp. and Seneca Foods Corp., as their financial profile was not aligned with Cott's financial profile following Cott's acquisitions in 2016, and to remove SunOpta Inc., as it uses long-term equity incentive awards that differ from Cott's long-term equity incentive awards. The Compensation Committee also determined to add ABM Industries Incorporated, Cintas Corporation, Servicemaster Global Holdings Inc. and Post Holdings, Inc. to the Company's peer group, as their business and financial profiles more closely align with Cott's business and financial profile.

In addition, the Compensation Committee reviews size-adjusted median compensation data from two general industry surveys in which management annually participates: the Aon Hewitt Total Compensation Measurement survey and the Towers Watson Compensation Data Bank survey. The Aon Hewitt survey in 2016 included over 450 companies ranging in size from \$100 million to over \$100 billion in annual revenue, and the Willis Towers Watson survey in 2016 included over 480 organizations ranging in size from \$100 million to over \$450 billion in annual revenue.

The Compensation Committee annually reviews peer group and survey data in recommending our Chief Executive Officer's compensation to the board of directors and in setting compensation for the direct reports. We consider the compensation paid by companies in our peer group as one factor in setting compensation for our named executive officers, and we may review peer group data with respect to individual components of compensation in addition to overall compensation. Compensation for the majority of our named executive officers has historically fallen at the low end of our market median range (our "market median range" is plus or minus 10% of the market median for base salary, plus or minus 15% of the market median for all other elements of compensation, and plus or minus 15% of the market median for total compensation). Our goal, over time and depending on the success of our overall business, is to more closely align components of our named executive officers' compensation with the market median range for all compensation elements. In 2016, base salary for all of our named executive officers, except the DSS CEO and the Chief Procurement Officer and Chief Operations Officer – North America Business Unit (the "**Chief Procurement Officer**"), was slightly below the low end of our market median range. Total annual compensation opportunities for our Chief Executive Officer were within the low end of our market median range and for the Chief Financial Officer and Vice President, General Counsel and Secretary were slightly below the low end of our market median range. Total compensation opportunities and base salary for the Chief Procurement Officer were within the high end of our market median range. Total annual compensation opportunities and base salary for the DSS CEO, which were originally set by an employment agreement negotiated as part of the acquisition of DSS, were above the high end of our market median range.

The Compensation Committee intends to continue to make adjustments to executive compensation in light of the objectives of our compensation program, our financial and competitive position and our business. The Compensation Committee may exercise discretion as to the type and magnitude of these adjustments. In addition, the Compensation Committee may choose to set compensation based on factors other than external data and company performance, including individual responsibilities, potential and achievement. The Compensation Committee believes that its 2016 decisions supported the objectives of Cott's compensation program.

Long-Term versus Currently-Paid Compensation

Currently-paid compensation to our named executive officers includes base salaries, which are paid periodically throughout the fiscal year, annual cash performance bonuses based on performance targets proposed by management and approved by the Compensation Committee, which are awarded after the end of the fiscal year, and limited perquisites and personal benefits, which are paid consistent with our policies in appropriate circumstances. Our named executive officers historically have been eligible to participate in our long-term equity incentive plans, including the Amended and Restated Cott Corporation Equity Incentive Plan (the "**Amended and Restated Equity Plan**"). The Amended and Restated Equity Plan provides the Compensation Committee and management with the flexibility to design compensatory awards responsive to Cott's business needs and goals. Awards under the Amended and Restated Equity Plan may be in the form of stock options, stock

[Table of Contents](#)

appreciation rights, restricted shares, restricted share units, performance shares, performance units or stock payments. As of December 31, 2016, all of our outstanding equity awards were issued under the Amended and Restated Equity Plan. The Amended and Restated Equity Plan is described in more detail under the heading “ **Equity Compensation Plan Information** ” on page 48 of this proxy statement. Our executive officers may also participate in our 401(k) Plan, which is available to all employees in the United States, except for certain union employees.

The compensation structure for our named executive officers is intended to balance the need of these executives for current income with the need to create long-term incentives that are directly tied to achievement of our operational targets and growth in shareowner value. For our Chief Executive Officer, the Compensation Committee reviews peer group and survey data and recommends to the board of directors the terms of his compensation arrangements. The board reviews the recommendation and, if acceptable, approves such arrangements. Our Chief Executive Officer and Corporate Human Resources Vice President review peer group and survey data and recommend to the Compensation Committee the terms of the compensation arrangements for direct reports. The Compensation Committee reviews those recommendations and, if acceptable, approves them.

Compensation Components

For 2016, the principal compensation components for Cott’s named executive officers consisted of the following:

<u>Component</u>	<u>Objective</u>
Base salary	Fixed pay that takes into account an individual’s role and responsibilities, experience, expertise, and individual performance, and compensates named executive officers for services rendered during the fiscal year.
Cash performance bonuses	Performance-based compensation that is paid to reward attainment of annual corporate and individual performance targets.
Long-term equity incentive awards	Equity compensation that reinforces the link between incentives and long-term Company performance, incentivizes our named executive officers, aligns the interests of our named executive officers with those of our shareowners, and encourages executive retention.
Retirement benefits	Retirement benefits that provide the opportunity for financial security in retirement consistent with programs for our broad-based employee population, including limited matching contributions under Cott’s 401(k) Plan.
Limited perquisites and benefits	Limited perquisites and benefits that effectively facilitate job performance, including an annual executive physical examination and a car allowance.

Base Salary

We provide named executive officers and other employees with base salary, paid over the course of the year, to compensate them for services rendered during the fiscal year. Base salary is determined by an annual assessment of a number of factors, including position and responsibilities, experience, individual job performance relative to responsibilities, impact on development and achievement of our business strategy, and competitive market factors for comparable talent in the peer group. However, the board of directors and the Compensation Committee retain discretion in setting the compensation for our Chief Executive Officer and the direct reports, respectively, and as a result, base salary for these executives may differ from that of comparable executives in the peer group.

[Table of Contents](#)

In 2016, the Compensation Committee recommended, and the board of directors approved, an increase to the base salary for our Chief Executive Officer. Similarly, upon the recommendation of our Chief Executive Officer and our Corporate Human Resources Vice President, the Compensation Committee determined to increase the base salaries for our other named executive officers. In making such determinations, the board and the Compensation Committee considered the achievement of individual performance goals, a review of peer group and survey data, the results of Cott's performance, and input from Cook.

Base salary for our named executive officers in 2016 is shown in the Summary Compensation Table, under the heading " **Salary** " on page 34 of this proxy statement.

The Compensation Committee intends to review the base salaries for our Chief Executive Officer and other named executive officers in the second half of 2017 to determine if any increases to such base salaries would be appropriate.

Performance Bonuses

General

The Compensation Committee believes that some portion of overall cash compensation for named executive officers should be performance-based, that is, contingent on successful achievement of corporate and individual targets. To that end, and depending on our financial and operating performance, the Compensation Committee may approve performance-based bonuses. The addition of performance bonuses in these situations more closely aligns a named executive officer's overall compensation with his or her individual performance and the profitability of the business unit for which he or she is accountable. Eligibility for performance bonuses is set forth in a named executive officer's employment offer letter, and is based on market competitiveness, the impact of the executive's role within Cott, and the executive's long-term contributions. Any changes to the target bonus levels set forth in the employment offer letter for our Chief Executive Officer are recommended by the Compensation Committee and determined by the board of directors. Any changes to the target bonus levels set forth in the employment offer letters for the direct reports are reviewed and approved by the Compensation Committee. The targets related to performance-based bonuses are reviewed and approved by the Compensation Committee. The Compensation Committee believes that this bonus arrangement presents executives with clear, quantified targets that will focus them on strategic issues and align management's interests with those of our long-term shareowners in the sustained growth of shareowner value.

At the end of each fiscal year, an individual performance review is conducted for each named executive officer. If an individual performance review results in a rating below acceptable levels for the relevant period, all or a portion of the performance bonus may be withheld, even if corporate targets were met. During the performance review for our Chief Executive Officer and for his direct reports, the Compensation Committee determines whether the individual performance targets were met. Our board of directors retains the discretion to make adjustments to the performance bonus for our Chief Executive Officer, and the Compensation Committee retains the discretion to make adjustments to the performance bonuses for the direct reports.

The Compensation Committee also has the authority to award discretionary bonuses in recognition of particularly significant contributions by an executive during the year. No such discretionary bonuses were awarded in 2016.

Company Performance Targets

Performance bonus eligibility in 2016 was determined based in part on achieving corporate targets and in part on achieving individual targets. In 2016, 70% of the performance bonus of our named executive officers, other than the DSS CEO, was calculated based on Cott achieving a specified level of EBITDA, 15% of the performance bonus was based on Cott achieving a specified level of operating free cash flow and 15% of the performance bonus was based on Cott achieving a specified level of revenue. The performance bonus for the DSS CEO was calculated based on DSS achieving specified levels of EBITDA, revenue and net cooler rental activity, weighted 70%, 15% and 15%, respectively.

[Table of Contents](#)

For performance bonus purposes, (i) “**EBITDA**” is GAAP earnings before interest, taxes, depreciation, and amortization, (ii) “**operating free cash flow**” is GAAP net cash provided by operating activities, less capital expenditures, (iii) “**net cooler rental activity**” is net new cooler rental customers, or total cooler rental customer additions for the year less total cooler rental customers who terminated service in the year, and (iv) “**revenue**” is GAAP revenue. The metrics utilized for performance bonus purposes may be adjusted to exclude the impact of certain items as approved by the Compensation Committee, and as a result, they may not correspond to the reported measures used in Cott’s other disclosures or filings.

The business unit in which an individual is employed determines the bonus pool from which he or she is eligible to receive a performance bonus payment and the metrics applicable for the payment of the bonus. There were six company-wide major bonus pools designated at the start of 2016: North America, DSS, United Kingdom, Mexico, RCI and Corporate. All of our named executive officers, other than the DSS CEO, participated in the Corporate bonus pool in 2016. The DSS CEO participated in the DSS bonus pool.

The metrics described above closely correspond with the performance of our business, and the Compensation Committee therefore viewed them as appropriate performance targets for measuring the achievement by our named executive officers of Cott’s business goals. Once the corporate performance targets were achieved, the individual performance of the named executive officer was considered, and if expectations for his or her role had been met, the executive was paid a bonus in full. A bonus could have been withheld in whole or in part if the executive did not meet expectations for his or her role. No bonus or portion of a bonus was withheld in 2016.

Performance bonuses in 2016 had a “threshold” level, a base “target” level and an “outperform” level. Performance bonuses may be paid if the actual result for each metric, other than EBITDA, is less than the applicable “threshold” level. If the actual results for the EBITDA metric are below the “threshold” level, no performance bonuses will be paid, subject to the discretion of the board of directors and the Compensation Committee to modify the performance bonus of our Chief Executive Officer and his direct reports, respectively, based on achievement of individual performance targets. Management generally recommends the performance criteria targets at the beginning of each year to the Compensation Committee for review and approval. For 2016, our named executive officers could earn a performance bonus of up to a maximum level of 200% of the target bonus amount based on achievement of goals in excess of the “outperform” level. In the Corporate and DSS bonus pools, the target bonus awards for 2016 for our named executive officers varied between 75% and 100% of annual base salary.

The Compensation Committee believes that setting an achievable goal is important in motivating our employees appropriately and in constructing a pay package that allows us to compete successfully in the market for talented employees. The following chart sets forth the “threshold,” “target” and “outperform” performance targets established by the Compensation Committee in February 2016 for the Corporate and DSS bonus pools, and the actual results achieved for those bonus pools.

2016 Performance Bonus Program
Targets applicable to named executive officers (\$ in millions)

	Corporate Pool (enterprise level)			DSS Unit Pool (operating unit level)		
	EBITDA	Operating Free Cash Flow	Revenue	EBITDA	Revenue	Net Cooler Rental Activity
	\$	\$	\$	\$	\$	#
“Threshold”	297.5	104.3	2,734.4	186.7	908.4	26,462
“Target”	371.9	130.4	2,878.3	208.1	1,012.7	29,500
“Outperform”	446.3	156.5	3,079.8	249.7	1,215.2	35,400
Actual	325.4	137.5	2,847.3	165.9	1,006.2	54,007

[Table of Contents](#)

These metrics are interpolated on a straight-line basis between the “threshold,” “target,” and “outperform” performance levels, resulting in a payout percentage for each metric. The relative weighting for each metric as set forth in the chart below is applied to the payout percentages, and the results are aggregated, resulting in a bonus payout as a percentage of the target award. This percentage is then applied to the target bonus amount to determine the amount of a named executive officer’s bonus, subject to the discretion of the board of directors and the Compensation Committee to modify the performance bonus.

The following chart sets forth the calculation of the bonus payouts as a percentage of target award opportunities for the Corporate and DSS bonus pools.

2016 Performance Bonus Program
Calculation of bonus payout as a percent target award

	Corporate Pool (enterprise level)			DSS Unit Pool (operating unit level)		
	EBITDA (70%)	Operating Free Cash Flow (15%)	Revenue (15%)	EBITDA (70%)	Revenue (15%)	Net Cooler Rental Activity (15%)
% Payout (Per Metric)	69.0%	127.0%	89.0%	0.0%	96.0%	200.0%
% Payout—Weighted (Per Metric)	49.0%	19.0%	13.0%	0.0%	0.0%	0.0%
Bonus Payout % Target Award		81.0%			0.0%	

As noted above, actual results, when weighted as described above, resulted in a bonus payout of 81.0% of target award opportunity for our named executive officers, other than the DSS CEO. The DSS CEO did not receive a performance bonus for 2016, as actual EBITDA results were below the “threshold” target established for the DSS bonus pool.

The Compensation Committee has determined to continue the same structure of corporate and individual performance metrics for 2017 for the Corporate and North America bonus pools. For the DSS bonus pool for 2017, the Compensation Committee determined that EBITDA alone was a more appropriate performance target for measuring the financial performance of the DSS business. As a result, the metric for the 2017 DSS bonus pool was changed from EBITDA (70%), revenue (15%) and net cooler rental activity (15%) to EBITDA (100%).

Individual Performance Targets

During 2016, we used individual performance targets for named executive officers in two ways. First, the Compensation Committee could have reduced or modified a performance bonus based on a named executive officer’s achievement of or failure to achieve individual performance targets. The Compensation Committee determined that our named executive officers met their respective individual performance targets and, as a result, no reductions would be made to performance bonuses. Second, the Compensation Committee made salary adjustment decisions with respect to a named executive officer at the end of the year based in part upon achievement of individual performance targets, as discussed above under the heading “**Compensation Components—Base Salary**” on page 24 of this proxy statement. The targets set for 2016 varied by business unit and the named executive officer’s function within Cott. The individual targets for the Chief Executive Officer were approved by the Compensation Committee and the individual targets for the other named executive officers were approved by the Chief Executive Officer. The targets were set to reflect the executive’s role in ongoing and planned business initiatives and were designed to closely correlate with our business plan for 2016.

[Table of Contents](#)

In setting specific target levels, a variety of factors were considered, including our areas of focus for the year, our relationships with customers and suppliers, and general economic conditions. A description of the individual 2016 performance targets applicable to our named executive officers is set out below:

Chief Executive Officer:

- Develop and implement strategic and operational initiatives for long-term growth of Cott; and
- Achieve specific financial and operational targets.

Chief Financial Officer:

- Implement strategic and operational initiatives for long-term growth of Cott; and
- Achieve specific financial and operational targets.

DSS CEO:

- Deliver certain operational and financial targets; and
- Implement operational initiatives for long-term growth of the DSS business.

Vice President, General Counsel and Secretary:

- Develop and oversee legal support function for implementation of strategic and operational initiatives for long-term growth of Cott; and
- Resolve certain litigation matters in a cost effective manner.

Chief Procurement Officer:

- Secure commodities at prices consistent with the 2016 annual operating plan, and
- Ensure successful implementation of procurement and North American supply chain projects to assist Cott in the management of its business.

The individual performance targets are set in order to accomplish two objectives. First, the targets represent management's and the Compensation Committee's goals for Cott's performance over time, based on market factors, customer relationships, commodity costs and other operational considerations that we weigh in preparing internal forecasts. Second, they provide executives with meaningful objectives, directly related to their job function, that motivate him or her to positively contribute to our success.

Long-Term Incentive Plans

In 2016, our senior-level employees were eligible to participate in our Amended and Restated Equity Plan. There is no set formula for the granting of awards to individual executives or employees under the Amended and Restated Equity Plan. Generally, we use a methodology to determine award size based on benchmarking against our peer group and the industry in general, among other factors. The Amended and Restated Equity Plan provides the Compensation Committee and management with the flexibility to design compensatory awards responsive to Cott's needs. Awards under the Amended and Restated Equity Plan may be in the form of stock options, stock appreciation rights, restricted shares, restricted share units, performance shares, performance units or stock payments.

In February 2016, each of our named executive officers (other than the DSS CEO) received an equity award during the 2016 annual grant cycle. In August 2016, the Chief Financial Officer and Vice President, General Counsel and Secretary received an equity award in recognition of their efforts on the acquisitions of Eden Springs and S&D Coffee and to more closely align their total compensation with our market median range, and the DSS CEO received an equity award in recognition of his increased oversight responsibilities over the newly acquired S&D and Eden Springs businesses. To encourage executive retention, the Compensation Committee

[Table of Contents](#)

determined to approve equity awards to our named executive officers for the 2017 annual grant cycle at its December 2016 meeting, and expects to approve the annual grant cycle equity awards in December each year going forward. Each of the February 2016, August 2016 and December 2016 equity awards are reflected in the Summary Compensation Table on page 34, with each award being comprised of a combination of performance-based restricted share units (37.5%), time-based restricted share units (25%), and stock options (37.5%). The Compensation Committee determined to award this combination of equity to the named executive officers following a review of peer group and survey data. All of the time-based restricted share units and stock options vest in three equal annual installments, and the performance-based restricted share units vest based upon the achievement of a specific level of cumulative pre-tax income over a three-year period. The Compensation Committee selected a three-year performance period based upon input received from Cook regarding the time period utilized with respect to similar awards made by Cott's peer group companies, as well as the Compensation Committee's belief that a three-year measurement period reinforces the link between incentives and long-term Company performance. We believe that these equity awards incentivize our named executive officers, align the interests of our named executive officers with those of our shareowners, and encourage executive retention.

The performance-based restricted share units granted in 2014 were granted with a pre-tax income target of \$92.1 million and variable vesting based on the level of pre-tax income actually achieved, as follows:

<u>Achievement</u>	<u>Pre-Tax Income Threshold</u>	<u>Percentage of Performance Units Vested</u>
125% of Target or greater	\$115.1 million	125%
100% of Target	\$92.1 million	100%
70% of Target	\$64.4 million	40%
Less than 70% of Target	Less than \$64.4 million	0%
Actual	\$134.2 million	125%

As noted above, our actual cumulative pre-tax income during the three-year period ending at the end of fiscal 2016 was \$134.2 million, and as a result, the percentage of performance-based restricted share units that vested in February 2017 was 125%. For performance-based restricted share unit purposes, “**pre-tax income**” is GAAP income before income taxes. This metric may be adjusted to exclude the impact of certain items, as approved by the Compensation Committee, and as a result, they may not correspond to similarly titled reported measures used in Cott's other disclosures or filings.

Retirement Benefits

In 2016, as part of our cost management efforts, we continued to limit executive benefits to those specifically granted pursuant to employment agreements (as discussed in the narrative following the Summary Compensation Table and below). Our named executive officers are eligible to participate in our 401(k) Plan, which is open to all employees in the United States except certain union employees. Employees are eligible to join this plan the first day of the month following 90 days of employment. Employees can contribute up to 90% of their eligible earnings, subject to annual contribution limits set by the Internal Revenue Service. In 2015, we reinstated our matching contributions under the 401(k) plan.

Perquisites and Other Personal Benefits

We provide our named executive officers with limited perquisites and other personal benefits that are not otherwise available to all of our employees, including an annual executive physical examination and a car allowance. The Compensation Committee periodically reviews the levels of perquisites and other personal benefits provided to named executive officers to ensure that they are appropriately limited and effectively facilitate job performance. Perquisites and personal benefits are taken into account as part of the total compensation to executive officers.

[Table of Contents](#)

Perquisites and other personal benefits for our named executive officers are set forth in the Summary Compensation Table, under the heading “ **All Other Compensation** ” and related footnotes on page 34 of this proxy statement.

Severance Arrangements

We have arrangements with our named executive officers to provide for payment and other benefits if such executive’s employment is terminated under certain circumstances. We have entered into such arrangements in order to discourage these executives from voluntarily terminating their employment with us in order to accept other employment opportunities, and to provide assurances to these executives that they will be compensated if terminated by us without cause. The specific arrangements for each officer may differ, depending on the terms of the officer’s employment agreement or whether such officer participates in one of our severance plans.

Severance Plan

As of the last day of fiscal 2016, each of our named executive officers, other than the DSS CEO and the Chief Procurement Officer, participated in the Cott Corporation Severance and Non-Competition Plan (the “ **Severance Plan** ”), which we implemented in 2009. Subject to certain exceptions, the Severance Plan defines the entitlements for these executives upon a qualified termination of employment and replaces all previous termination and severance entitlements to which they may have been entitled. The Severance Plan and entitlements under such plan are described in more detail under the heading “ **Potential Payments Upon Termination or Change of Control — Severance Plan** ” on page 44 of this proxy statement.

Other Severance Payments

Neither the DSS CEO nor the Chief Procurement Officer participates in a severance plan. Their entitlements under a qualified termination of employment as of such date were governed by their respective employment letter agreements. The terms of these arrangements are described in more detail under the heading “ **Potential Payments Upon Termination or Change of Control — Payments to Other Named Executive Officers** ” on page 46 of this proxy statement.

Treatment of Equity Awards upon Termination or Change of Control

Our Amended and Restated Equity Plan (see “ **Equity Compensation Plan Information** ” on page 48 of this proxy statement) contains provisions triggered by a change of control of Cott, thus providing assurances to our named executive officers and employees that their equity investment in Cott will not be lost in the event of the sale, liquidation, dissolution or other change of control of Cott. These terms provide for the acceleration of equity awards in limited circumstances, namely, when the awards (1) are not continued, assumed, or replaced by the surviving or successor entity or (2) are so assumed, but where a named executive officer or employee is involuntarily terminated for reasons other than Cause, or terminates his or her employment for Good Reason (as such capitalized terms are defined in the Amended and Restated Equity Plan), within two years after the change of control.

Additionally, our Amended and Restated Equity Plan contains provisions triggered when a named executive officer or employee retires, is terminated without Cause or resigns with Good Reason. The Amended and Restated Equity Plan provides for different vesting terms depending on the type of award. Performance-based awards, restricted shares and restricted share units contemplate partial vesting after termination based on the length of employment relative to the performance or vesting period. Options contemplate accelerated vesting, generally on the employment termination date.

A more detailed discussion of payments in connection with a termination or change of control is set forth under “ **Potential Payments Upon Termination or Change of Control** ” on page 42 of this proxy statement.

Share Ownership Guidelines

The board of directors has established minimum share ownership requirements for the Chief Executive Officer, Chief Financial Officer, all other executive officers, and certain other employees. Under these requirements, the Chief Executive Officer must own common shares having a minimum aggregate value equal to four times his annual base salary. The Chief Financial Officer must own common shares having a minimum aggregate value equal to two times his annual base salary. Other direct reports must own common shares having a minimum aggregate value equal to one and a half times his or her annual base salary. The Compensation Committee or the board of directors may, from time to time, reevaluate and revise these guidelines to give effect to changes in Cott's common share price, capitalization, or changes in the base salary or the title of the above mentioned persons.

The value of shares owned by each of the above persons necessary to maintain compliance with the guidelines is recalculated on an annual basis on December 31 of each year. Compliance with the requirements is measured by the General Counsel on December 31 of each year and reported to the Compensation Committee. Individuals are expected to monitor their own compliance throughout the year. Individuals subject to the guidelines are not required to attain the minimum ownership level by a particular deadline; however, until the guideline amount is achieved, the CEO is required to retain an amount equal to 100% of net shares received as equity compensation, and each other named executive officer is required to retain an amount equal to 75% of the net shares received as equity compensation. Once an individual achieves the applicable ownership guideline, he or she will be considered in compliance, regardless of any changes in base salary (except for promotional increases) or the price of Cott common shares, so long as he or she continues to own at least the number of Cott common shares owned at the time he or she achieved the applicable guideline. "Net shares" are defined as those shares that remain after shares are sold or netted to pay the exercise price of stock options (if applicable) and taxes payable upon the grant of a stock payment or the vesting of restricted shares, restricted share units, performance shares, performance share units or the exercise of stock options or stock appreciation rights. Shares purchased on the open market may be sold in compliance with Cott's policies and applicable securities laws. Failure to meet or to show sustained progress toward meeting the guidelines may be a factor considered by the Compensation Committee in determining future long-term incentive equity grants to such persons. These requirements are designed to ensure that the economic interests of senior management correlate with the value of our stock and are thus closely aligned with the interests of Cott's shareowners.

Employee Share Purchase Plan

Our board of directors has adopted the Cott Corporation Employee Share Purchase Plan (the "ESPP"), which was approved by our shareowners in May 2015 and became effective as of October 1, 2015. The purpose of the ESPP is to provide eligible employees of Cott and our designated subsidiaries with an opportunity to acquire an ownership interest in us through the purchase of our common shares through payroll deductions at a discounted price. Eligible employees may purchase common shares at a price equal to 90% of the lower of the closing price of common shares on the NYSE on the first and last day of the offering period. We believe the ESPP further aligns the interests of our employees and shareowners and aids in the recruitment and retention of employees.

Insider Trading Restrictions and Policy Against Hedging

Our insider trading policy prohibits directors, officers, employees and consultants of Cott and certain of their family members from purchasing or selling any type of security, whether issued by us or another company, while such person is aware of material non-public information relating to the issuer of the security or from providing such material non-public information to any person who may trade while aware of such information. Trades by directors, executive officers and certain other employees are prohibited during certain prescribed blackout periods and are required to be pre-cleared by our Vice President, General Counsel and Secretary, subject to limited exceptions for approved Rule 10b5-1 plans. This policy prohibits directors, officers, employees

and consultants of Cott from engaging in “short sales” with respect to our securities, trading in put or call options, or engaging in hedging or monetization transactions, such as zero-cost collars and forward sale contracts, with respect to our securities. This policy also prohibits employees and directors, including the named executive officers, from holding Cott securities in a margin account or pledging Cott securities as collateral for a loan.

Policy Regarding Clawback of Incentive Compensation

Our board of directors has adopted a clawback policy that allows the board to recoup any excess annual or long-term incentive compensation paid to our current and former executive officers in the event of a required accounting restatement of a financial statement of Cott, whether or not based on misconduct, due to material non-compliance with any financial reporting requirement under the securities laws of the United States. The clawback policy is intended to reduce potential risks associated with our incentive plans, and thus better align the long-term interests of our named executive officers and shareowners.

We believe that the clawback policy is sufficiently broad to reduce the potential risk that an executive officer would intentionally misstate results in order to benefit under an incentive program and provides a right of recovery in the event that an executive officer took actions that, in hindsight, should not have been rewarded.

Risk Management Considerations

The Compensation Committee believes that Cott’s performance-based cash bonus and long-term incentive plans provide incentives for our executives and other employees to create long-term shareowner value. Several elements of the program are designed to promote the creation of long-term value and thereby discourage behavior that leads to excessive risk:

- The base salary portion of compensation is designed to provide a steady income regardless of Cott’s performance so that executives do not feel pressured to focus on achievement of certain performance goals at the expense of other aspects of Cott’s business.
- The performance goals used to determine the amount of an executive’s bonus are measures that the Compensation Committee believes drive long-term shareowner value. The Compensation Committee attempts to set ranges for these measures that promote success without encouraging excessive risk-taking to achieve short-term results.
- The measures used to determine whether performance-based restricted share units vest are based on performance over a three-year period. The Compensation Committee believes that the three-year measurement period reinforces the link between incentives and long-term Company performance, and the performance cycles overlap to reduce any incentive to maximize performance in a particular period at the expense of another.
- Cash bonuses are capped at 200% of target. Similarly, vesting for performance-based restricted share units is capped at 200% of target.
- The equity awarded to our named executive officers is a mix of performance-based restricted share units, time-based restricted share units and stock options. The Compensation Committee believes that this mix avoids having a relatively high percentage of compensation tied to one element, and that the time-based restricted share units and stock options should reduce risky behavior because these awards are designed to retain employees and because they are earned over time.
- Compensation is balanced between short-term and long-term compensation, creating diverse time horizons.
- The Compensation Committee believes that linking performance and the corresponding payout factor mitigates risk by avoiding situations where a relatively small amount of increased performance results in a relatively high corresponding amount of increased compensation.

- Named executive officers are required to hold a certain amount of Cott shares, which aligns their interests with those of our shareowners.
- We have implemented accounting policies and internal controls over the measurement and calculation of performance goals.
- We have implemented a clawback policy, which is intended to reduce potential risks associated with our incentive plans, and thus better align the long-term interests of our named executive officers and shareowners.
- We have a “no-hedging” policy that prohibits employees from engaging in any hedging or monetization transactions, such as zero-cost collars and forward sale contracts, with respect to Cott securities.
- We have a policy prohibiting employees from engaging in any short-term, speculative transactions involving Cott securities, including purchasing securities on margin, engaging in short sales, buying or selling put or call options, and trading in options.
- We have a policy prohibiting employees from holding Cott securities in a margin account or pledging Cott securities as collateral for a loan.
- The Compensation Committee approves our short-term and long-term incentive compensation programs, which mitigates risk by empowering a group of independent directors with substantial experience and expertise.
- The Compensation Committee has engaged an outside, independent compensation consultant who is knowledgeable regarding various compensation policies and their associated risks and is free from any conflict of interest.

The Compensation Committee has reviewed Cott’s compensation policies and practices for its employees and determined that the risks arising from those policies and practices are not reasonably likely to have a material adverse effect on Cott.

Tax and Accounting Implications

When determining amounts of long-term incentive grants to executives and employees, the Compensation Committee considers the accounting cost associated with the grants. Under FASB ASC Topic 718, “Share-based Payments,” grants of equity-classified awards result in compensation expense for Cott. The Compensation Committee considers the accounting and tax treatment accorded to equity awards and takes steps to ensure that any issues are addressed by management; however, such treatment has not been a significant factor in establishing Cott’s compensation programs or in the decisions of the Compensation Committee concerning the amount or type of equity award.

As part of its role, the Compensation Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the U.S. Internal Revenue Code of 1986, as amended (the “**Code**”), which includes potential limitations on the deductibility of compensation in excess of \$1 million paid to our Chief Executive Officer and three other most highly compensated executive officers (other than our principal financial officer) serving on the last day of the year. Our Amended and Restated Equity Plan is intended to provide for the deductibility of payments under Cott’s annual performance bonus plan and with respect to stock options and performance-based restricted share units, whenever possible. We generally intend to continue to take the necessary actions to maintain the deductibility of compensation resulting from these types of awards. In contrast, time-based restricted share units generally do not qualify as “performance-based compensation” under Section 162(m). Therefore, the vesting of time-based restricted share units in some cases could result in a loss of tax deductibility of compensation. While we view preserving tax deductibility as an important objective, we believe the primary purpose of our compensation program is to support our strategy and the long-term interests of our shareowners. In specific instances we have authorized, and in the future may authorize, compensation arrangements that are not fully tax deductible but that promote other important objectives of Cott and of our executive compensation program.

- (1) Stock awards made in 2016 were time-based and performance-based restricted share units granted under the Amended and Restated Equity Plan. The amounts reported in this column for 2016 reflect the aggregate grant date fair values for time-based and performance-based restricted share units computed in accordance with FASB ASC Topic 718 (“ASC 718”), excluding the effect of estimated forfeitures. The assumptions used for the valuations are set forth in Note 7 to our audited consolidated financial statements in our Annual Report on Form 10-K for the fiscal year ended December 31, 2016. As noted in further detail in Footnote 2, these amounts include awards granted in the 2016 annual grant cycle, awards granted to certain named executive officers in August 2016, and awards granted in connection with the 2017 annual grant cycle in December 2016, as applicable. Assuming achievement of the highest level of performance for these awards, the grant date fair values of awards subject to performance conditions would have been as follows: Mr. Fowden: \$5,625,000; Mr. Wells: \$2,085,000; Mr. Harrington: \$1,575,000; Ms. Poe: \$1,275,000; and Mr. Baila: \$525,000.
- (2) The amounts reported in this column include (i) awards granted in connection with the 2016 annual grant cycle to each of our named executive officers (other than the DSS CEO), (ii) awards granted to our Chief Financial Officer, Vice President, General Counsel and Secretary, and DSS CEO in August 2016 for the reasons noted above, and (iii) awards granted in connection with the 2017 annual grant cycle in December 2016. As noted above, to encourage executive retention, the Compensation Committee determined to approve equity awards for the 2017 annual grant cycle at its December 2016 meeting and expects to approve the annual grant cycle equity awards in December each year going forward. The table below sets forth the grant date fair values for each of these awards.

Named Executive Officer Employment Agreements

Each of our named executive officers has a written employment agreement or offer letter setting forth the material terms of his or her employment. Under these employment agreements or offer letters, these executives receive annual base salaries at rates not less than the amounts reported in the Summary Compensation Table for 2016, which may be adjusted from time to time. Each of these agreements provides for:

- eligibility to earn bonuses based upon the achievement of agreed-upon criteria established from time to time by the Compensation Committee; and
- customary allowances and limited perquisites.

Each of the named executive officers employed by Cott as of the end of 2016 participates in both short-term and long-term incentive programs provided by us. The level of participation is determined by the Compensation Committee and varies by named executive officer. Each of our named executive officers is bound by restrictive

covenants that generally limit their ability to compete with us in any countries in which we conduct business. They have also agreed to non-solicitation and nondisparagement covenants. These limitations continue during the term of employment and for a period of time following termination (regardless of the cause of the termination).

Potential severance payments in the event of termination or change of control of Cott for each named executive officer, as applicable, are described more particularly below under the heading “ **Potential Payments Upon Termination or Change of Control** ” on page 42 of this proxy statement.

activity, and assume no adjustment to bonus levels based on achievement of individual performance targets. For additional information related to the annual cash incentive awards including performance goals, measures and weighting, see the “**Compensation Discussion and Analysis**” section of this proxy statement.

- (2) The amounts in these columns represent performance-based restricted share unit awards. The performance-based restricted share unit awards vest based on the achievement of a specified target level of cumulative pre-tax income for over a three-year period. The amounts included in the “Threshold” column reflect the total number of shares that would be issued at the end of the three-year performance period if 70% of the “target” pre-tax income level is achieved. The amounts included in the “Target” column reflect the total number of shares that would be issued at the end of the three-year performance period if 100% of the “target” pre-tax income level is achieved. The amounts included in the “Maximum” column reflect the total number of shares that would be issued at the end of the three-year performance period if 125% of the “target” pre-tax income level is achieved.
- (3) The amounts in this column represent grants of time-based restricted share units. Time-based restricted share units granted in 2016 vest in three equal installments on the first, second and third anniversaries of the grant date.
- (4) The amounts in this column represent grants of stock options. Stock options granted in 2016 vest in three equal installments on the first, second and third anniversaries of the grant date.
- (5) The “Grant Date Fair Value of Stock Awards and Options” column shows the full grant date fair values of the stock options and performance- and time-based restricted share units granted in fiscal 2016. The grant date fair values of the awards are determined under ASC 718 and represent the amounts we would expense in our financial statements over the vesting schedule for the awards. In accordance with SEC rules, the amounts in this column reflect the actual ASC 718 accounting cost without reduction for estimates of forfeitures related to service-based vesting conditions. The assumptions used for determining values are set forth in Note 7 to our audited consolidated financial statements in our Annual Report on Form 10-K for the fiscal year ended December 31, 2016. The amounts reflect our accounting for these grants and do not correspond to the actual values that may be realized by the named executive officers.

The performance-based restricted share units vest based on the achievement of a specified target level of cumulative pre-tax income for the period beginning on January 1, 2017 and ending on the last day of our 2019 fiscal year. The payout percentage of the performance-based restricted share units and the related unrecognized compensation cost is subject to change based on the level of targeted pre-tax income that is achieved during such period. The amounts included reflect the total number of shares that would be issued at the end of the three-year performance period if Cott achieves 100% of the "target" pre-tax income level.
- (16) This amount represents time-based restricted share units granted on August 11, 2016, which vest in three equal installments on the first, second and third anniversaries of the grant date.
- (17) This amount represents performance-based restricted share units granted on December 16, 2014, which vest based upon the achievement of a specific level of DSS EBITDA (weighted 60%), DSS revenue (weighted 20%) and net cooler rental activity (weighted 20%) over the three-year period ending at the end of fiscal 2017.

Option Exercises and Stock Vested In Fiscal 2016

The following table sets forth information with respect to option exercises and stock awards vesting during 2016 for each of our named executive officers.

Name	Option Awards		Stock Awards	
	Number of Shares Acquired on Exercise (#)	Value Realized on Exercise (\$)	Number of Shares Acquired on Vesting (#) ⁽¹⁾	Value Realized on Vesting (\$) ⁽²⁾
Jerry Fowden	148,515	1,560,328	197,656	2,238,153
Jay Wells	—	—	48,516	549,370
Thomas Harrington	—	—	—	—
Marni Morgan Poe	—	—	38,184	432,376
Carlos Baila	—	—	26,056	295,045

- (1) This amount represents time-based restricted share units and performance-based restricted share units granted in 2014. The time-based restricted share units vested on the last day of our 2016 fiscal year, and the performance-based restricted share units vested in February 2017 upon certification by the Compensation Committee that the pre-tax income target with respect to such awards was achieved at the 125% level.
- (2) With respect to time-based restricted share units, the value realized on vesting has been calculated by utilizing the close price of our common shares on the NYSE as of December 30, 2016 (\$11.33), the last business day of our 2016 fiscal year. With respect to performance-based restricted share units, the value realized on vesting has been calculated by utilizing the close price of our common shares on the NYSE as of February 21, 2017 (\$11.32), the date the Compensation Committee certified that the pre-tax income target with respect to such awards was achieved at the 125.0% level.

Potential Payments Upon Termination or Change of Control***Amended and Restated Equity Plan***

Under the Amended and Restated Equity Plan, in the event of a Change of Control, the surviving or successor entity may continue, assume or replace awards outstanding as of the date of the Change of Control. If (1) such awards are continued, assumed, or replaced by the surviving or successor entity, and within two years after the Change of Control a grantee experiences an involuntary termination of employment for reasons other than Cause, or terminates his or her employment for Good Reason, or (2) such awards are not continued, assumed or replaced by the surviving or successor entity, then (i) outstanding options and stock appreciation rights issued to a participant that are not yet fully exercisable will immediately become exercisable in full and will remain exercisable in accordance with their terms, (ii) all unvested restricted shares, restricted share units, performance shares and performance units will become immediately fully vested and non-forfeitable, and (iii) any performance objectives applicable to awards will be deemed to have been satisfied at the “target” level of performance specified in connection with the applicable award. Additionally, the Compensation Committee may terminate some or all of such outstanding awards, in whole or in part, as of the effective time of the Change of Control in exchange for payments to the holders as provided in the Amended and Restated Equity Plan.

The Amended and Restated Equity Plan defines “**Change of Control**” as (i) the consummation of a consolidation, merger, amalgamation, or other similar corporate reorganization of Cott with or into any other corporation whereby the voting shareholders of Cott immediately prior to such event receive less than 50% of the voting shares of the consolidated, merged or amalgamated corporation, or any acquisition or similar transaction or series of transactions whereby any “person,” as such term is used in Sections 13(d) and 14(d) of the Exchange Act (other than Cott, any entity controlled by Cott, or any employee benefit plan sponsored by Cott or an entity that is controlled by Cott), is or becomes, including pursuant to a tender or exchange offer for Cott common shares, the “beneficial owner” (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of securities of Cott representing 50% or more of the combined voting power of Cott’s then outstanding securities; (ii) the consummation of a sale by Cott of all or substantially all of Cott’s assets; (iii) the date upon which individuals who, on the effective date of the Amended and Restated Equity Plan constitute Cott’s board (the “**Incumbent Directors**”) cease for any reason to constitute at least a majority of the board, provided that any

[Table of Contents](#)

person becoming a director subsequent to the effective date of the Amended and Restated Equity Plan whose appointment, election or nomination for election was approved by a vote of at least two-thirds of the Incumbent Directors who remain on the board (either by a specific vote or by approval of the proxy statement of Cott in which such person is named as a nominee for director, without objection to such nomination) shall also be deemed to be an Incumbent Director; provided, however, that no individual initially elected or nominated as a director of Cott as a result of an actual or threatened election contest with respect to directors or any other actual or threatened solicitation of proxies or consents by or on behalf of any person other than the board shall be deemed to be an Incumbent Director; or (iv) a proposal by or with respect to Cott being made in connection with a liquidation, dissolution or winding-up of Cott. The Amended and Restated Equity Plan defines “Cause” and “Good Reason” the same way as the Severance Plan described on page 44 of this proxy statement. If a Change of Control had occurred on December 31, 2016 and either (1) the surviving or successor entity continued, assumed or replaced awards and within two years after the Change of Control, a named executive officer was involuntarily terminated for reasons other than Cause, or terminated his or her employment for Good Reason, or (2) the surviving or successor entity did not continue, assume or replace awards outstanding as of such date, and the Compensation Committee had not in either case elected to terminate some or all of such outstanding awards in exchange for payments to the holders as provided in the Amended and Restated Equity Plan, the unvested awards granted to our named executive officers would have vested on an accelerated basis as set forth below:

<u>Amended and Restated Equity Plan</u>	<u>Accelerated Vesting (\$)⁽¹⁾</u>
Jerry Fowden	\$ 7,797,381
Jay Wells	\$ 2,237,745
Thomas Harrington	\$ 10,356,219
Marni Morgan Poe	\$ 1,412,256
Carlos Baila	\$ 843,064

- (1) Includes the value, based on the closing price of our common shares on the NYSE as of December 30, 2016 (\$11.33), the last business day of our 2016 fiscal year, of common shares issuable pursuant to (i) time-based restricted share units granted in 2015 and 2016, (ii) performance-based restricted share units granted in 2015 and 2016, assuming the performance objectives applicable to such awards were satisfied at the “target” level of performance, and (iii) stock options granted in 2015 and 2016, assuming exercise of such options at applicable exercise prices.

These amounts, other than those listed for Messrs. Harrington and Baila, are included in the applicable “Accelerated Vesting” column in the tables under the heading “**Payments under the Severance Plan**” on page 45 of this proxy statement.

In the case of a grantee’s termination without Cause or resignation with Good Reason, the number of restricted share units to be deemed earned by a grantee is equal to the pro rata number of restricted share units that he or she would have earned on the vesting date had he or she been continuously employed through such vesting date, as calculated by reference to the portion of the applicable restriction period or performance period during which the grantee was actually employed. Additionally, unvested options vest as of the later of the date of termination and the one year anniversary of the effective date of the award and continue to be exercisable for three years following the date of termination.

Assuming the employment of our named executive officers had been terminated on December 31, 2016 by Cott without Cause or by the named executive officers for Good Reason, they would have been entitled to the following:

<u>Amended and Restated Equity Plan</u>	<u>Equity Awards (\$)⁽¹⁾</u>
Jerry Fowden	\$ 3,733,122
Jay Wells	\$ 960,453
Thomas Harrington	\$ 6,682,423
Marni Morgan Poe	\$ 646,376
Carlos Baila	\$ 427,049

[Table of Contents](#)

- (1) Includes the value, based on the closing price of our common shares on the NYSE as of December 30, 2016 (\$11.33), the last business day of our 2016 fiscal year, of common shares issuable pursuant to: (i) time-based restricted share units granted in 2015 and 2016, (ii) performance-based restricted share units granted in 2015 and 2016, and (iii) stock options granted in 2015 and 2016. Because the performance periods for the performance-based restricted share units granted to our named executive officers in 2015 and 2016 have not yet been completed, the number of common shares issuable pursuant to performance-based restricted share units that such named executive officers would have been entitled to on December 31, 2016 cannot be determined. As a result, this column includes the value of such performance-based restricted share units on a pro rata basis, assuming achievement of the performance goals at “target” and a share value equal to the closing price of our common shares on the NYSE as of December 30, 2016 (\$11.33). Pursuant to the terms of the Amended and Restated Equity Plan, assuming the employment of such individuals had been terminated on December 31, 2016 by Cott without Cause or by such individual for Good Reason, the stock options granted in 2016 would vest on the one year anniversary of the effective date of such awards. Options granted on February 19, 2016, August 11, 2016 and December 6, 2016 would therefore vest on February 19, 2017, August 11, 2017 and December 6, 2017, respectively. The closing price of our common shares on the NYSE on February 17, 2017 was \$11.02. The closing price of our common shares on August 11, 2017 and December 6, 2017 is not yet determinable. As a result, only the value of those options granted on February 19, 2016 are included in the table above (Mr. Fowden: \$715,455; Mr. Wells: \$314,802 ; Ms. Poe: \$ 117,539; and Mr. Baila: \$71,547).

These amounts are included in the applicable “Equity Awards” column in the tables under the headings “**Payments under the Severance Plan**” on page 45 of this proxy statement and “**Payments to Other Named Executive Officers**” on page 46 of this proxy statement.

Severance Plan

In February 2009, we commenced the Severance Plan. As of December 31, 2016, each of our named executive officers, other than Messrs. Harrington and Baila, participated in such plan. The triggering events for any severance payments under the Severance Plan are designed to discourage executive officers from voluntarily terminating their employment with us in order to accept other employment opportunities. The triggering events also provide assurances to the executive officers that they will be compensated if terminated by us without Cause. The Severance Plan defines the entitlements for these executives upon a qualified termination of employment and replaces all previous termination and severance entitlements to which they may have been entitled.

The Compensation Committee determines which employees participate in the Severance Plan. Each participant is assigned to one of three groups, which correspond to severance multiples as follows: Level 1 Employees—1 times; Level 2 Employees—0.75 times; Level 3 Employees—0.50 times. Mr. Fowden is a Level 1 employee, Mr. Wells is a Level 2 employee, and Ms. Poe is a Level 3 employee.

The Severance Plan defines “**Cause**” to mean:

- (i) the willful failure of the participant to properly carry out the participant’s duties and responsibilities or to adhere to the policies of Cott after written notice by Cott of the failure to do so, and such failure remaining uncorrected following an opportunity for the participant to correct the failure within ten days of the receipt of such notice;
- (ii) theft, fraud, dishonesty or misappropriation by the participant, or the gross negligence or willful misconduct by the participant, involving the property, business or affairs of Cott, or in the carrying out of his duties, including, without limitation, any breach by the participant of the representations, warranties and covenants contained in the participant’s employment agreement or restrictive covenants set out in the Severance Plan;
- (iii) the participant’s conviction of or plea of guilty to a criminal offense that involves fraud, dishonesty, theft or violence;
- (iv) the participant’s breach of a fiduciary duty owed to Cott; or
- (v) the participant’s refusal to follow the lawful written reasonable and good faith direction of the board of directors.

The Severance Plan defines “ **Good Reason** ” to include any of the following:

- (i) a material diminution in the participant’s title or duties or assignment to the participant of materially inconsistent duties;
- (ii) a reduction in the participant’s then current annual base salary or target bonus opportunity as a percentage of annual base salary, unless such reduction in target bonus opportunity is made applicable to all participants serving in substantially the same capacity as participant;
- (iii) relocation of the participant’s principal place of employment to a location that is more than 50 miles away from his principal place of employment on the date upon which he became a participant, unless such relocation is effected at the request of the participant or with his approval;
- (iv) a material breach by Cott of any provisions of the Severance Plan, or any employment agreement to which the participant and Cott are parties, after written notice by the participant of the breach and such failure remaining uncorrected following an opportunity for Cott to correct such failure within ten days of the receipt of such notice; or
- (v) the failure of Cott to obtain the assumption in writing of its obligation to perform the Severance Plan by any successor to all or substantially all of the business or assets of Cott within 15 days after a merger, consolidation, sale or similar transaction.

If a participant’s employment is terminated by us without Cause or by the participant for Good Reason, he will receive a cash payment of an amount equal to the participant’s total annual base salary and average bonus (based on the actual bonus paid for the previous two years) for the year in which the termination takes place multiplied by his severance multiple, less applicable withholdings. The terminated participant would also be paid accrued salary and vacation through the date of termination, less applicable withholdings. In addition, the terminated participant would receive accelerated vesting of rights under our equity incentive plans and would continue to receive benefits under our benefit plans for the number of years equal to the severance multiple, where we may do so legally and in accordance with the applicable benefit plans in effect from time to time.

Level 1 Employees receive gross-up payments in the event excise tax is imposed. Payments to Level 2 or 3 Employees who would otherwise be subject to excise tax are reduced, or cut back, to an amount that will result in no portion of the payments being subject to the excise tax. The 280G excise tax and gross-up is an estimated amount assuming an effective individual income tax rate of 40%. This amount is determined on the basis that the amount subject to excise tax would not be decreased by amounts attributable to reasonable compensation for services before the change of control.

Participants whose employment terminates for Cause, or by voluntary resignation (other than for Good Reason), death, or disability are not entitled to benefits under the Severance Plan.

Participants in the Severance Plan agree to non-competition and non-solicitation provisions that continue beyond termination for the number of years equal to the applicable severance multiple, regardless of the cause of termination. Participants agree to execute a general release of claims against us in return for payments under the Severance Plan, and, except in the case of Mr. Fowden, the Severance Plan supersedes applicable provisions of each participant’s prior employment agreement.

Payments under the Severance Plan

As of December 31, 2016, each of our named executive officers, other than Messrs. Harrington and Baila, participated in the Severance Plan. Under the Severance Plan, if their employment is terminated by Cott without Cause or by the executive for Good Reason, such executive would receive a cash payment equal to the sum of his or her annual base salary and bonus (based generally on his or her average bonus for the previous two years) times a severance multiple. Mr. Fowden’s employment agreement provides that he would receive a pro rata

[Table of Contents](#)

bonus for the year of termination based on the actual bonus he would have received had he been employed through the end of the year. Mr. Fowden's severance multiple is 1.0, except that under the terms of his employment letter agreement if a termination occurs in connection with a change of control, his severance multiple would be 1.5. A change of control is defined in his employment letter agreement as a takeover, consolidation, merger, amalgamation, sale of all or substantially all assets or a similar transaction involving Cott.

Assuming his or her employment had been terminated on December 31, 2016 by Cott without Cause or by the executive for Good Reason, the applicable named executive officers would have been entitled to the following:

	Cash Severance (\$)	Non Equity Incentive Plan Payment (\$)	Medical Continuation (\$)	Equity Awards (\$)	Total (\$)
Jerry Fowden	\$900,000	\$ 886,575	\$ 9,883	\$2,283,383	\$4,079,840
Jay Wells	\$323,400	\$ 226,387	\$ 10,546	\$ 667,589	\$1,227,922
Marni Morgan Poe	\$185,424	\$ 139,105	\$ 7,030	\$ 395,192	\$ 726,751

Assuming his or her employment had been terminated in connection with a Change of Control on December 31, 2016, the applicable named executive officers would have been entitled to the following:

	Cash Severance (\$)	Non Equity Incentive Plan Payment (\$)	Medical Continuation (\$)	Accelerated Vesting (\$)	Total (\$)
Jerry Fowden	\$1,350,000	\$1,329,863	\$ 14,824	\$7,797,381	\$10,492,067
Jay Wells	\$ 323,400	\$ 226,387	\$ 10,546	\$2,237,745	\$ 2,798,078
Marni Morgan Poe	\$ 185,424	\$ 139,105	\$ 7,030	\$1,412,256	\$ 1,743,815

Payments to Other Named Executive Officers

Mr. Harrington and Mr. Baila do not participate in the Severance Plan. Mr. Harrington's employment agreement, dated December 16, 2014, provides that if his employment is terminated by Cott without Cause or by Mr. Harrington for Good Reason (each as defined therein), he would be entitled to receive a cash payment in an amount equal to the sum of his then-current annual base salary and the most recently paid annual bonus, payable within 60 days of such termination, as well as an amount equal to his estimated COBRA premiums for medical, dental, and vision coverage for a twelve-month period. Mr. Baila's employment letter agreement, dated September 17, 2012, provides that if his employment is terminated by Cott without Cause or by Mr. Baila for Good Reason (each as defined therein), he would be entitled to receive a cash payment in an amount equal to nine months of his then-current annual base salary, less all applicable withholding taxes, payable within 30 days of such termination, except in the case of an involuntary termination that is a part of a group termination program, in which case the payment would be made within 60 days. Assuming their employment had been terminated on December 31, 2016 by Cott without Cause or by the executive for Good Reason, Mr. Harrington and Mr. Baila would have been entitled to the following cash payments:

	Cash Payments (\$)	Non Equity Incentive Plan Payment (\$)	Medical Continuation (\$)	Equity Awards (\$)	Total (\$)
Thomas Harrington	\$784,125	\$457,406	\$ 7,657	\$6,077,866	\$7,327,054
Carlos Baila	\$270,000	—	—	\$ 300,199	\$ 570,199

[Table of Contents](#)

Assuming their employment had been terminated in connection with a Change of Control on December 31, 2016, the applicable named executive officers would have been entitled to the following:

	<u>Cash Payments (\$)</u>	<u>Non Equity Incentive Plan Payment (\$)</u>	<u>Medical Continuation (\$)</u>	<u>Equity Awards (\$)</u>	<u>Total (\$)</u>
Thomas Harrington	\$ 784,125	\$ 457,406	\$ 7,657	\$ 10,356,219	\$ 11,605,408
Carlos Baila	\$ 270,000	—	—	\$ 843,064	\$ 1,113,064

Termination by Cause; Resignation by the Executive Officer other than for Good Reason

We are not obligated to make any cash payment or benefit to any of our executive officers if the executive officer's employment is terminated by us for Cause or if the executive officer resigns for other than Good Reason (each as defined in applicable employment or severance arrangements), other than the payment of unpaid salary and accrued and unused vacation pay.

Termination because of Death or Disability

Upon an executive officer's death or disability, we pay accrued salary and a prorated target bonus to the executive officer or the executive officer's estate (except in the case of Mr. Harrington, who would receive any unpaid bonus for the year preceding his death or disability at the time such bonuses are generally paid to other employees). Upon an executive officer's death, a pro rata portion of any restricted shares, restricted share units, performance shares or performance units granted to such executive officer under the Amended and Restated Equity Plan vest and are paid, in the case of performance shares or units, upon certification by the Compensation Committee of the achievement of the results for the applicable performance period, and in the case of restricted shares or restricted share units, following the executive officer's death. We provide executive-level life, short-term disability, and long-term care benefits to our executive officers that are not also available to our employees generally. Amounts in respect of such benefits are disclosed in the Summary Compensation Table on page 34 of this proxy statement.

EQUITY COMPENSATION PLAN INFORMATION

Set out below is information about the Amended and Restated Equity Plan, the only plan with awards outstanding as of December 31, 2016. The Amended and Restated Equity Plan generally requires us to issue shares that would be dilutive to our shareowners.

<u>Plan</u>	<u>Number of Common Shares to be Issued upon Exercise of Outstanding Options, Warrants and Rights (a)</u>	<u>Weighted-average Exercise Price of Outstanding Options, Warrants and Rights (b)</u>		<u>Number of Common Shares Remaining Available for Future Issuance Under Equity Compensation Plans (Excluding Securities Reflected in Column (a)) (c)</u>
Amended and Restated Equity Plan ⁽¹⁾	8,337,060 ⁽²⁾	US\$	10.32 ⁽³⁾	3,280,450 ⁽⁴⁾

- (1) The Amended and Restated Equity Plan was approved by shareowners on April 30, 2013.
- (2) Represents 799,653 shares pursuant to time-based restricted share units, 3,063,195 shares pursuant to performance-based restricted share units, and 4,474,212 shares pursuant to stock options granted (and not exercised, forfeited or cancelled, as applicable) under the Amended and Restated Equity Plan. If any of the shares to be issued pursuant to time-based restricted share units, performance-based restricted share units, or stock options are forfeited, expired, or are cancelled or settled without the issuance of shares, they will return to the pool of shares available for issuance under the Amended and Restated Equity Plan. As of March 13, 2017, there were 8,008,292 shares to be issued upon the vesting or exercise of outstanding time-based restricted share units, performance-based restricted share units and stock options under the Amended and Restated Equity Plan.
- (3) Represents the weighted-average exercise price of stock options granted under the Amended and Restated Equity Plan.
- (4) Represents the number of shares available for future issuance under the Amended and Restated Equity Plan. Based on the share counting methodology provided for in the Amended and Restated Equity Plan, shares issued under the plan will be applied to reduce the maximum number of shares remaining available for issuance under the plan; provided that the total number of shares available for issuance will be reduced 2.0 shares for each share issued pursuant to “full value” awards made after April 30, 2013. “Full value” awards include any awards other than options or stock appreciation rights. As of December 31, 2016, there were 4,873,362 full value awards that were issued after April 30, 2013, which reduce the shares available for future issuance under the Amended and Restated Equity Plan by 9,746,723. “Full value” awards that lapse or are forfeited are returned to the pool at the same 2.0 multiple at which they were debited. As of March 13, 2017, approximately 3,596,844 shares remained available for issuance under the Amended and Restated Equity Plan.

The Amended and Restated Equity Plan is administered by the Compensation Committee or any other board committee as may be designated by the board from time to time. The Amended and Restated Equity Plan

[Table of Contents](#)

provides the Compensation Committee flexibility to design compensatory awards that are responsive to Cott's needs. Subject to the terms of the Amended and Restated Equity Plan and applicable statutory and regulatory requirements, the Compensation Committee has the discretion to determine the persons to whom awards will be granted under the plan, the nature and extent of such awards, the times when awards will be granted, the duration of each award, and the restrictions and other conditions to which payment or vesting of awards may be subject.

Awards under the Amended and Restated Equity Plan may be in the form of stock options, stock appreciation rights, restricted shares, restricted share units, performance shares, performance units or stock payments. Full-time, part-time or contract employees of Cott and its subsidiaries and non-employee directors of Cott may be selected by the Compensation Committee to receive awards under the Amended and Restated Equity Plan.

The Amended and Restated Equity Plan provides that up to 20,000,000 shares may be issued under the plan. Shares issued under the Amended and Restated Equity Plan will be applied to reduce the maximum number of shares remaining available for issuance under the Amended and Restated Equity Plan; provided that the total number of shares available for issuance under the Amended and Restated Equity Plan will be reduced 2.0 shares for each share issued pursuant to a "full-value" award (i.e., an award other than an option or stock appreciation right). No participant may receive awards during any one calendar year representing more than 2,000,000 common shares. In addition, the maximum amount that may become vested under any cash-denominated award during any one calendar year is five million dollars (\$5,000,000). These limits are subject to adjustments by the Compensation Committee as provided in the Amended and Restated Equity Plan for share splits, share dividends, recapitalizations and other similar transactions or events. In addition, the number of common shares issuable to insiders of Cott (as defined in Part I of the Toronto Stock Exchange Company Manual) at any time, and the number of shares issued to insiders of Cott within any one year period, under the Amended and Restated Equity Plan or when combined with all of Cott's other security based compensation arrangements (as described in the Toronto Stock Exchange Company Manual), may not exceed 10% of Cott's issued and outstanding common shares, respectively. In addition, neither the board nor the Compensation Committee may, without further shareowner approval, grant to non-employee directors an amount equal to or greater than the lesser of (i) 3% of Cott's issued and outstanding common shares; and (ii) an annual equity award of \$500,000 per non-employee director. The aforementioned restriction may not be amended without further shareowner approval.

DIRECTORS' AND OFFICERS' INSURANCE

We provide insurance for the benefit of our directors and officers against certain liabilities that may be incurred by them in their capacity as directors and officers, as specified in the policy. The current annual policy limit is \$85,000,000. We are reimbursed for amounts paid to indemnify directors and officers, subject to a deductible of \$750,000 for securities claims and a deductible of \$500,000 for all other claims. The deductible is our responsibility. There is no applicable deductible if we are unable to indemnify. The annual premium, which is currently \$626,245, is paid by us.

Under the terms of our by-laws and agreements with each of our directors, we indemnify our directors and officers against certain liabilities incurred by them in their capacity as directors and officers to the extent permitted by law.

CORPORATE GOVERNANCE

Board and Management Roles

The board of directors has explicitly assumed responsibility for the stewardship of Cott, including:

- the adoption of a strategic planning process;
- the identification of the principal risks for Cott and the implementation of appropriate risk management systems;

[Table of Contents](#)

- succession planning and monitoring of senior management;
- ensuring that we have in place a communications policy to enable us to communicate effectively and in a timely manner with our shareowners, other stakeholders and the public generally; and
- the integrity of our internal control and management information systems.

All decisions materially affecting Cott, our business and operations, including long-term strategic and operational planning, must be approved by the board prior to implementation. Each year, management presents a strategic plan to the board for review and approval.

To assist in discharging its responsibilities effectively, the board has established three committees: the Audit Committee, the Corporate Governance Committee and the Compensation Committee. The roles of the committees as part of our governance process are outlined below, and their charters may be viewed on our website at www.cott.com. Each committee has the authority to retain special legal, accounting or other advisors.

Allocation of Responsibility between the Board and Management

The board has adopted a written mandate, the text of which is set out in Appendix B. The business and affairs of Cott are managed by or under the supervision of the board in accordance with all applicable laws and regulatory requirements. The board is responsible for providing direction and oversight, approving our strategic direction and overseeing the performance of our business and management. Management is responsible for presenting strategic plans to the board for review and approval and for implementing our strategic direction. The board has approved a job description for the Chief Executive Officer, which specifically outlines the responsibilities of this position. One of these responsibilities is to prepare, on behalf of management, a written statement of management's objectives, plans and standards of performance. This report is reviewed and approved annually by both the Compensation Committee and the entire board. Additionally, we have established a lead independent director role and position descriptions for the chairman of the board and for each committee chair.

Board Oversight of Risk

Pursuant to the written mandate, management is responsible for day-to-day risk management and is responsible for implementing the risk management strategy for Cott. Risk oversight is a responsibility of the full board that is administered by the Audit Committee pursuant to the Audit Committee Charter. The Audit Committee discusses with management our guidelines and policies with respect to risk assessment, risk management, and major strategic, financial and operational risk exposures such as fraud, environmental, competitive and regulatory risks, and the steps management has taken to monitor and control any exposure resulting from such risks.

The Audit Committee regularly reports to the board on the risks to Cott. Additionally, management from time to time reports to the board on the risks to Cott. Adjustments to the initiatives undertaken in connection with the risk assessment process may be made as a result of such reports. We believe that the board oversight and involvement in risk assessment provides effective oversight of Cott's enterprise risks.

Board's Expectations of Management

The board expects management to:

- produce timely, complete and accurate information on our operations and business and on any other specific matter that may, in management's opinion, have material consequences for us, our shareowners and other stakeholders;
- act on a timely basis and make appropriate decisions with regard to our operations, in accordance with all the relevant requirements and obligations and in compliance with our policies, with a view to increasing shareowner value;

[Table of Contents](#)

- apply a rigorous budget process and closely monitor our financial performance in terms of the annual budget approved by the board;
- develop and implement a strategic plan in light of trends in the market; and
- promote high ethical standards and practices in conducting our business.

Board Leadership

Our board is composed of 10 directors, 9 of whom are independent. Mr. David Gibbons is the Chairman of our board. Mr. Eric Rosenfeld serves as our Lead Independent Director. The only nominee for director who is not independent is Mr. Jerry Fowden, our Chief Executive Officer. See “ **Certain Relationships and Related Transactions** ” on page 16 of this proxy statement for further discussion of the board’s determinations as to independence.

Cott has a separate Chairman of the board and Chief Executive Officer. The board feels that separating the role of Chairman and Chief Executive Officer is in the best interests of shareowners at this time. This structure ensures a greater role for independent directors in the oversight of Cott and active participation by the independent directors in establishing priorities and procedures for the work of the board. The board believes that its leadership structure has not been affected by the board’s administration of the risk oversight function.

For each regular board meeting and most special meetings the Chairman establishes the agenda. Each member of the board may suggest items for the agenda and may also raise at any meeting subjects that are not on the agenda for that meeting.

The board believes that it is beneficial to designate a Lead Independent Director, and our Corporate Governance Guidelines require it whenever the Chairman is not independent. While David Gibbons was serving as Interim Chief Executive Officer in 2008 and early 2009, Mr. Rosenfeld became Lead Independent Director. The board determined to continue this arrangement even after Mr. Gibbons ceased to serve as Interim Chief Executive Officer and became independent Chairman. The Lead Independent Director acts in a supportive capacity to the Chairman and acts as Chairman in the event the Chairman is unavailable.

The board conducts an annual evaluation to determine whether it and its committees are functioning effectively, which includes an evaluation of whether the current leadership structure continues to be optimal for Cott and its shareowners. The board conducted this evaluation for 2016 and determined not to make changes to the leadership structure.

Shareowner Communications

We seek to maintain a transparent and accessible exchange of information with all of our shareowners and other stakeholders with regard to our business and performance, subject to the requirements of all applicable laws and any other limitations of a legal or contractual nature. In addition to our timely and continuous disclosure obligations under applicable law, we regularly distribute information to our shareowners and the investment community through conferences, webcasts made available to the public and press releases. Shareowners and other interested parties are invited to communicate with one or more of our directors, including the Chairman, the Lead Independent Director or with our non-management directors as a group, by sending a letter to the attention of the directors, or any one of them, c/o Cott Corporation, 5519 West Idlewild Avenue, Tampa, Florida, U.S.A. 33634 or by sending an e-mail to Cottboard@cott.com. The letter or e-mail should indicate that you are a Cott shareowner or your other interest in Cott. Unless the letter or e-mail contains unsolicited advertising material, it will be forwarded to the director or directors to whom it is addressed (or, if it is not directed toward a specific director, to our Chairman).

Composition of the Board

Our articles of amalgamation permit a minimum of three and a maximum of 15 directors. The size of the board is currently set at 10 members. Board members are encouraged to attend each annual meeting of shareowners. All of our directors attended the 2016 annual meeting in person.

Directors are elected, on an individual basis and in accordance with our Majority Voting and Director Resignation Policy, for a term of one year. The board of directors does not currently impose, nor does it believe that it should establish, term limits on its directors, as such limits may cause the loss of experience and expertise important to the optimal operation of the board of directors. The annual self-evaluation and board assessment process referred to below under “**Corporate Governance Committee**” will be an important determinant for board tenure. The board has adopted a mandatory retirement policy for directors, which provides that no director may stand for election or re-election to the board of directors after the director has reached the age of 75. A director that turns 75 during his or her term, however, may serve out the remainder of that term.

We are proud to be an equal opportunity and affirmative action employer. It is our goal to have a work force that reasonably reflects the diversity of qualified talent that is available in relevant labor markets. We seek to recruit, develop and retain the most talented people from a diverse candidate pool.

As described in our Code of Conduct and Ethics, we base employment decisions, including selection, development and compensation decisions, on an individual’s qualifications, skills and performance. We do not base these decisions on personal characteristics or status, such as race, color, sex, pregnancy, national origin, citizenship, religion, age, disability, veteran status, sexual orientation, gender identity, marital status, and/or genetic information. We are fully committed to equal employment opportunity and compliance with the letter and spirit of the full range of fair employment practices and non-discrimination laws in the countries in which we do business.

Recommendations concerning director nominees are, foremost, based on merit and performance. However, diversity, including gender diversity, is taken into consideration, as it is beneficial that a diversity of backgrounds, views and experiences be present at the board and management levels. In its evaluation of a potential member of the board of directors, the Corporate Governance Committee will give consideration to (i) what skills and competencies the board of directors should possess, (ii) what skills and competencies each director currently possesses and (iii) what skills and competencies the potential nominee will bring. This process is designed to ensure that the board of directors includes members with diverse backgrounds, skills and experience, including appropriate financial and other expertise relevant to our business. The board of directors, taking into consideration the recommendations of the Corporate Governance Committee, will be responsible for selecting the nominees for election to the board of directors, for appointing directors to fill vacancies, and determining whether a nominee or appointee is independent.

There is currently one woman on the board (i.e., 10.0%) and one in an executive officer position at Cott (i.e., 12.5%).

We have not adopted a written policy relating to the identification and nomination of women directors or executive officers as the board does not believe that quotas, strict rules or targets set forth in a formal written policy will necessarily result in the identification or selection of the best director and executive officer candidates. However, the level of representation of women has been, and will continue to be, considered by Cott, the board and the Corporate Governance Committee in the identification and nomination of directors and the making of executive officer appointments.

The board is mindful of the benefit of diversity on the board and management of Cott and the need to maximize the effectiveness of the board and management and their respective decision-making abilities. Accordingly, in searches for new directors and executive officers, the Corporate Governance Committee will consider the level of female representation and diversity on the board and management and this will be one of several factors used in its search process. This will be achieved through continuously monitoring the level of

[Table of Contents](#)

female representation on the board and in senior management positions and, where appropriate, recruiting qualified female candidates as part of our overall recruitment and selection process to fill board or senior management positions, as the need arises, through vacancies, growth or otherwise.

Independence of the Board

The only nominee for director who is not independent is Mr. Fowden, our Chief Executive Officer. See “**Certain Relationships and Related Transactions**” on page 16 of this proxy statement for further discussion of the board’s determinations as to independence. Mr. Rosenfeld serves as our Lead Independent Director.

At all meetings of the board and committees of the board, any non-management board member may request that all members of management, including management directors, be excused so that any matter may be discussed without any representative of management being present. The non-management directors, all of whom are independent, meet independently of management as part of each regularly scheduled meeting of the board. In addition, directors who have a material interest in a transaction or agreement are required to disclose the interest to the board and to refrain from voting on the matter, and they do not participate in discussions relating to the transaction or agreement.

Each of the Compensation Committee, the Corporate Governance Committee and the Audit Committee is comprised entirely of independent directors. The board oversees the establishment and function of all committees, the appointment of committee members and their conduct. The board has considered the independence of each of its members for purposes of the rules of the NYSE and, where applicable, NI 58-101. See “**Certain Relationships and Related Transactions**” on page 16 of this proxy statement.

Board Committees

The board has the following standing committees: Corporate Governance Committee, Audit Committee and Compensation Committee. The charters of these committees are available on our website, www.cott.com. From time to time, the board may form additional committees in its discretion.

Corporate Governance Committee

Members: Eric Rosenfeld (Chair), David T. Gibbons, Andrew Prozes

The board has determined that each member of the Corporate Governance Committee is independent within the meaning of the rules of the NYSE and NI 58-101. The Corporate Governance Committee is responsible for developing and monitoring our approach to corporate governance issues in general. Specifically, the Corporate Governance Committee is responsible for:

- developing and maintaining a set of corporate governance principles applicable to Cott and monitoring, on behalf of the board of directors, Cott’s approach to corporate governance issues;
- reviewing periodically and recommending changes to the governing documents and the mandates of the board committees;
- establishing and articulating qualifications and other selection criteria for the members of the board or any board committee;
- advising the board of directors regarding the appropriate number of directors, and identifying and recommending the nomination of new members to the board and its committees from time to time and nominees for each annual meeting of shareowners (and as such functions as a nominating committee);
- in the event that a director’s principal employment responsibilities change (except for internal promotions within his or her organization) and that director tenders his or her resignation from the board as required pursuant to the Corporate Governance Guidelines, recommending to the board whether or not such resignation should be accepted;

[Table of Contents](#)

- advising the board with respect to the board's leadership structure and the positions held by the members of the board;
- ensuring that management develops, implements and maintains appropriate orientation and education programs for directors and schedules periodic presentations for directors to ensure the board is aware of major business trends and industry and corporate governance practices;
- developing and recommending to the board of directors for approval an annual self-evaluation process of the board and its committees (including each member thereof) and management;
- monitoring the quality of the relationship between management and the board and recommending any areas for improvement;
- reporting on corporate governance as required by all applicable public disclosure requirements;
- reviewing and assessing annually Cott's Corporate Governance Guidelines;
- reviewing and, as appropriate, modifying the Code of Business Conduct and Ethics, and pre-approving any request for a waiver of such Code;
- reviewing all related party transactions, whether or not reportable pursuant to applicable U.S. and Canadian securities laws and regulations;
- reviewing, on at least an annual basis, the way in which Cott's corporate governance is being evaluated by relevant external organizations and publications;
- develop and administer a mandatory retirement age policy;
- being responsible for those matters assigned to it under Cott's Code of Business Conduct and Ethics and Code of Ethics for Senior Officers;
- reviewing and reassessing the adequacy of the Corporate Governance Committee's charter annually and recommending any proposed changes to the board for approval;
- reviewing and assessing the Corporate Governance Committee's own performance on an annual basis and reporting regularly to the board regarding the results of the Corporate Governance Committee's activities; and
- retaining, to the extent it deems necessary or appropriate, outside consultants and other outside advisors to the Committee at the expense of Cott, including any search firm engaged to identify potential candidates for directorship.

In selecting candidates for the board, the Corporate Governance Committee applies a number of criteria, including:

- each director should be an individual of the highest character and integrity;
- each director should have sufficient experience to enable the director to make a meaningful contribution to the board and to Cott;
- each director should have sufficient time available to devote to our affairs in order to carry out his or her responsibilities as a director;
- each person who is nominated as an independent director should meet all of the criteria established for independence under applicable securities or stock exchange laws, rules or regulations;
- whether the residency of the nominee will impact residency and qualification requirements under applicable legislation relating to the composition of the board and its committees; and
- whether the person is being nominated, or is precluded from being nominated, to fulfill any contractual obligation we may have.

[Table of Contents](#)

In addition to the factors considered above, the Corporate Governance Committee also considers how a nominee will contribute to the diversity of the board, which is measured by a number of factors, including professional background, education, race, gender, and residence (subject to any applicable law or regulation).

The Corporate Governance Committee considers suggestions as to nominees for directors from any source, including any shareowner. In addition, our by-laws fix a deadline by which shareowners must submit director nominations prior to any meeting of shareowners. In the case of annual meetings, advance notice must be delivered to us not less than 30 nor more than 60 days prior to the date of the annual meeting; provided, however, that if the annual meeting is called for a date that is less than 50 days after the date on which the first public announcement of the date of the annual meeting was made, advance notice may be made not later than the close of business on the 10th day following the date on which the public announcement of the date of the annual meeting is first made by us. In the case of a special meeting of shareowners (which is not also an annual meeting), advance notice must be delivered to us no later than the close of business on the 15th day following the day on which the public announcement of the date of the special meeting is first made by us. Our by-laws also require any shareowner making a director nomination to provide certain important information about its nominees with its advance notice. Only shareowners who comply with the requirements of our by-laws will be permitted to nominate directors to the board of directors unless the “advance notice” requirements of our by-laws are waived by the board of directors in its sole discretion.

Shareowners wishing to submit a director nomination should write to our Secretary and include the following:

- the name, age, principal occupation and contact information of the nominee;
- whether the nominee is a resident Canadian within the meaning of the Canadian Business Corporation Act (the “ Act ”);
- the class or series and number of shares of the Company which are controlled or which are owned beneficially or of record by the nominee as of the record date for the meeting of shareowners (if such date shall then have been made publicly available and shall have occurred) and as of the date of such notice;
- any relationships, agreements or arrangements between the nominee or any of its affiliates and the nominating shareowner, any person acting jointly or in concert with the nominating shareowner or any of their respective affiliates;
- any other information relating to the nominee that would be required to be disclosed in a dissident’s proxy statement in connection with solicitations of proxies for election of directors pursuant to the Act and applicable securities laws; and
- duly completed personal information form in respect of the nominee in the form prescribed by the NYSE and TSX.

Such nominating shareowner giving the notice must also include the following:

- the name and record address of the nominating shareowner;
- the class or series and number of shares of the Company which are controlled or which are owned beneficially or of record by the nominating shareowner as of the record date for the meeting of shareowners (if such date shall then have been made publicly available and shall have occurred) and as of the date of such notice;
- any derivatives or other economic or voting interests in the Company and any hedges implemented with respect to the nominating shareowners’ interests in the Company;
- any proxy, contract, arrangement, understanding or relationship pursuant to which the nominating shareowner has a right to vote any shares of the Company;

[Table of Contents](#)

- whether the nominating shareowner intends to deliver a proxy statement and form of proxy to any shareowners of the Company in connection with the election of directors; and
- any other information relating to the nominating shareowner that would be required to be made in a dissident’s proxy statement in connection with solicitations of proxies for election of directors pursuant to the Act and applicable securities laws.

You are advised to review our by-laws, which contains additional requirements about advance notice of director nominations.

The Corporate Governance Committee conducts assessments of the board and its committees at least annually. Directors are required to complete an evaluation of the performance of the board, its committees and directors, which are then reviewed by the Corporate Governance Committee, and conclusions and recommendations resulting therefrom are reported to the full board.

Management, working with the Corporate Governance Committee, provides orientations and education programs for new directors to familiarize them with Cott and its business. They also meet with Company representatives to review the mandates and roles of the board and its committees, as well as applicable corporate policies. Directors regularly meet with management to discuss corporate developments and participate in plant tours from time to time. In addition, directors are provided with materials concerning matters to be discussed at an upcoming meeting prior to the meeting.

The Corporate Governance Committee may from time to time engage outside advisors to assist in identifying and evaluating potential nominees to the board.

The Corporate Governance Committee met four times in 2016.

Audit Committee

Members: Graham W. Savage (Chair), Mark Benadiba, Gregory Monahan

The Audit Committee reports directly to the board. Each member has been determined by the board to be independent within the meaning of the rules of the NYSE and Rule 10A-3 of the Exchange Act.

The Audit Committee, on behalf of the board, oversees the integrity of our annual and interim consolidated financial statements, compliance with applicable legal and regulatory requirements, significant financial reporting issues, the internal audit function, the annual independent audit of our financial statements, the qualifications and independence of our independent auditor, the performance of our internal auditors and independent auditor and is responsible for satisfying itself that we have implemented appropriate systems of internal controls. The Audit Committee reviews the terms of engagement and proposed overall scope of the annual audit with management and the independent auditor. See “ **Independent Registered Certified Public Accounting Firm—Audit Committee Report** ” on page 58 of this proxy statement.

The Audit Committee is also tasked with fulfilling the board’s oversight role with respect to risk management.

The Audit Committee operates pursuant to a written charter that was most recently updated in February 2017, the text of which is set out in Appendix C. Each member of the Audit Committee is financially literate. Additionally, the board has determined that Mr. Savage qualifies as an “audit committee financial expert” as such term is defined in the rules of the SEC. The Audit Committee met six times in 2016.

Human Resources and Compensation Committee

Members: Andrew Prozes (Chair), Betty Jane Hess, Mario Pillozzi

The board has determined that each member of the Compensation Committee is independent within the meaning of the rules of the NYSE and NI 58-101. See “**Certain Relationships and Related Transactions**” on page 16 of this proxy statement. The Compensation Committee’s charter includes:

- recommending to the independent members of the board the annual compensation of the Chief Executive Officer, including base salary, incentive bonus structure, targets, pay-out levels, long-term incentive awards and perquisites;
- establishing the annual compensation of our other executive officers;
- periodically reviewing with the board and approving short-term and long-term incentive compensation programs and equity-based plans, including general plan administration such as determining eligibility, and setting targets;
- reviewing and recommending to the board the remuneration to be paid to non-employee members of the board;
- reviewing all executive compensation disclosure before such information is publicly disclosed by Cott; and
- evaluating whether and to what extent Cott’s compensation policies or practices create incentives that affect risk taking.

The Compensation Committee also is responsible for reviewing and reporting periodically to the board of directors on our organizational structure and ensuring that an appropriate succession plan for the Chief Executive Officer and our executive officers has been developed. The Compensation Committee met five times in 2016.

In determining the amount of compensation for directors, the Compensation Committee reviews industry publications and trends provided by Cook to determine the appropriate level of compensation. The Compensation Committee then reports its findings and makes recommendations to the board of directors for approval.

In 2016, the Compensation Committee continued to retain Cook as its sole independent compensation consultant. Cook only performs work for and reports directly to the Compensation Committee and attends Compensation Committee meetings as requested. Cook provided recommendations to the Compensation Committee on the competitiveness and appropriateness of all elements of executive compensation, including the Chief Executive Officer’s compensation. Cook did not provide any additional services to the board or management in 2016.

The Compensation Committee has considered the independence of Cook in light of SEC rules and NYSE listing standards. In connection with this process, the Compensation Committee has reviewed, among other items, a report from Cook addressing the independence of Cook and the members of the consulting team serving the Compensation Committee, including the following factors: (i) other services provided to Cott by Cook; (ii) fees paid by Cott as a percentage of Cook’s total revenue; (iii) policies or procedures of Cook that are designed to prevent conflicts of interest; (iv) any business or personal relationships between the senior advisor of the consulting team with a member of the Compensation Committee; (v) any Cott stock owned by the senior advisor or any immediate family member; and (vi) any business or personal relationships between our executive officers and the senior advisor. The Compensation Committee discussed these considerations and concluded that the work performed by Cook and its senior advisor involved in the engagement did not raise any conflict of interest.

For more information regarding the function of the Compensation Committee, see “**Compensation Discussion and Analysis**” beginning on page 18 of this proxy statement.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

No member of the Compensation Committee is or was during 2016 an employee, or is or ever has been an officer, of Cott or its subsidiaries. No executive officer of Cott served as a director or a member of the Compensation Committee of another company, one of whose executive officers served as a member of Cott's board of directors or Compensation Committee.

All Other Fees for 2016 and 2015 consisted of fees for access to accounting research software resources.

Pre-Approval Policies and Procedures

In engaging Cott's independent registered certified public accounting firm, the Audit Committee considers the following guidelines:

- For audit services, the independent auditor is to provide the Audit Committee with an engagement letter for each fiscal year outlining the scope of the audit services proposed to be performed. If agreed to by the Audit Committee, this engagement letter will be formally accepted by the Audit Committee. The independent auditor is to submit an audit services fee proposal for approval by the Audit Committee.
- For non-audit services, management and the independent auditor will periodically submit to the Audit Committee for approval in advance a description of particular non-audit services. Management and the independent auditor will each confirm to the Audit Committee that each proposed non-audit service is permissible under applicable legal requirements. The Audit Committee must approve permissible non-audit services in order for us to engage the independent auditor for such services. The Audit Committee will be informed routinely as to the non-audit services actually provided by the independent auditor pursuant to this process.
- If management proposes that the Audit Committee engage the independent auditor to provide a non-audit service that is not contemplated or approved by the Audit Committee pursuant to the process outlined above, management will submit the request to the Audit Committee. Our management and the independent auditor will each confirm to the Audit Committee that such non-audit service is permissible under all applicable legal requirements. Management will also provide an estimate of the cost of such non-audit service. The Audit Committee must approve the engagement for the non-audit service and the fees for such service prior to our engagement of the independent auditor for the purposes of providing such non-audit service.

Any amendment or modification to an approved permissible non-audit service must be approved by the Audit Committee or the chair of the Audit Committee prior to the engagement of the auditor to perform the service.

Our audit-related fees, tax fees, and all other fees in 2016 were pre-approved by the Audit Committee. The Audit Committee has determined that the provision of the non-audit services for which these fees were rendered is compatible with maintaining the independent auditor's independence.

The Audit Committee has selected PricewaterhouseCoopers LLP as Cott's independent registered certified public accounting firm for the 2017 fiscal year, subject to shareowner approval at the 2017 Annual and Special Meeting of Shareowners. One or more representatives of PricewaterhouseCoopers LLP will be present at the meeting, will have an opportunity to make a statement as he or she may desire and will be available to respond to appropriate questions.

Audit Committee Report

The Audit Committee reviewed and discussed with management Cott's audited financial statements for the year ended December 31, 2016. The Audit Committee reviewed with the independent auditor its judgment as to the quality, not just the acceptability, of Cott's accounting principles and such other matters as the Audit Committee and the auditor are required to discuss under generally accepted auditing standards, in particular those matters required to be discussed by Auditing Standard No. 1301, "Communications with Audit Committees", as adopted by the Public Company Accounting Oversight Board. The Audit Committee also reviewed with management and the independent auditor the critical accounting policies underlying Cott's financial statements and how these policies were applied to the financial statements for the year ended December 31, 2016.

[Table of Contents](#)

The Audit Committee received the written disclosures and the letter from the auditor required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent auditor's communications with the Audit Committee concerning independence, and has discussed with the independent auditor its independence from Cott and management. Additionally, the Audit Committee has considered the compatibility of non-audit services with the auditor's independence.

The Audit Committee also discussed with the independent auditor the overall scope and plans for the audit. The Audit Committee met with the independent auditor, with and without management present, to discuss the results of their examination, their evaluation of Cott's internal controls and the overall quality of Cott's financial reporting.

In performing all of these functions, the Audit Committee acts in an oversight capacity. In its oversight role, the Audit Committee relies on the work and assurances of Cott's management, which has the primary responsibility for establishing and maintaining adequate internal control over financial reporting and for preparing the financial statements, and other reports, and of the independent auditor, who is engaged to audit and report on Cott's consolidated financial statements and the effectiveness of Cott's internal control over financial reporting.

Based on the foregoing reviews and discussions, the Audit Committee recommended to the board of directors that the audited financial statements be included in Cott's Annual Report on Form 10-K for the year ended December 31, 2016 for filing with the U.S. Securities and Exchange Commission and the Canadian securities regulators.

ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act, enacted in July 2010, requires that we provide our shareowners with the opportunity to vote to approve, on a non-binding, advisory basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the compensation disclosure rules of the SEC. Consistent with our shareowners' preference expressed in voting at the 2011 annual meeting of shareowners, the board determined that an advisory vote on the compensation of our named executive officers will be conducted every year. As described in detail under the heading "**Compensation Discussion and Analysis**," beginning on page 18 of this proxy statement, we seek to closely align the interests of our named executive officers with the interests of our shareowners. Our compensation programs are designed to reward executives based on the achievement of both individual and corporate performance targets, while at the same time avoiding the encouragement of unnecessary or excessive risk-taking. In considering our executive compensation program for 2016, we believe our shareowners will find important the information under the heading "**Compensation Discussion and Analysis-Executive Summary**" on page 18 of this proxy statement.

For these reasons, the board is asking shareowners to vote to support our pay practices .

The vote on this resolution is not intended to address any specific element of compensation; rather, the vote relates to the compensation of our named executive officers, as described in this proxy statement in accordance with the compensation disclosure rules of the SEC. Although the vote we are asking you to cast is advisory and non-binding, our board and the Compensation Committee value the views of our shareowners and will consider the outcome of the vote when making future compensation decisions for our named executive officers. We believe that Cott benefits from constructive dialogue with our shareowners, and while we will continue to reach out to our shareowners on these and other important issues, we also encourage our shareowners to contact us. Shareowners who wish to communicate with our board should refer to "**Shareowner Communications**" on page 51 in this proxy statement for additional information on how to do so.

The text of the resolution is as follows:

"Be it resolved as a resolution of the shareowners that the Company's shareowners hereby approve, on an advisory basis, the compensation paid to Cott Corporation's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including Compensation Discussion and Analysis, compensation tables and narrative discussion."

The board unanimously recommends a vote "FOR" the advisory approval of the compensation of our named executive officers, as disclosed in this proxy statement. Because the vote on executive compensation is advisory, there is technically no minimum vote requirement for this proposal. Notwithstanding the advisory nature of the vote, the resolution will be considered passed with the affirmative vote of a majority of the votes cast by shareowners that are present or represented and entitled to vote at the meeting. Unless a proxy specifies that the shares it represents should abstain from voting or vote against the resolution set out above, the persons named in the enclosed proxy intend to vote in favor of the resolution.

ADVISORY VOTE ON THE FREQUENCY OF AN ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act also provides that shareowners must be given the opportunity to vote, on a non-binding, advisory basis, for their preference as to how frequently we should seek future advisory votes on the compensation of our named executive officers as disclosed in accordance with the compensation disclosure rules of the SEC, which we refer to as an advisory vote on executive compensation. By voting with respect to this proposal, shareowners may indicate whether they would prefer that we conduct future advisory votes on executive compensation every one, two, or three years. Shareowners also may, if they wish, abstain from casting a vote on this proposal.

Our shareowners voted on a similar proposal in 2011 with the majority voting to hold the say-on-pay vote every year. Consistent with the preference expressed by our shareowners, we have held advisory votes on our executive compensation program each year. We continue to believe that say-on-pay votes should be conducted every year so that our shareowners may annually express their views on our executive compensation program.

This vote is advisory and not binding on Cott or our board in any way. The board and the Compensation Committee will take into account the outcome of the vote, however, when considering the frequency of future advisory votes on executive compensation. The board may decide that it is in the best interests of our shareowners and Cott to hold an advisory vote on executive compensation more or less frequently than the option receiving the most votes cast by our shareowners.

The proxy card provides shareowners with the opportunity to choose among four options (holding the vote every one, two or three years, or abstaining) and, therefore, shareowners will not be voting to approve or disapprove the recommendation of the board. Because this advisory vote seeks the input of shareowners and provides shareowners with multiple voting options, there is no minimum vote requirement for this proposal. Notwithstanding the advisory nature of the vote, the frequency of the advisory vote on executive compensation receiving the greatest number of votes (every one, two or three years) will be considered the frequency recommended by shareowners.

It is expected that the next vote on a say-on-pay frequency proposal will occur at the 2023 annual meeting of shareowners.

The text of the resolution is as follows:

“Be it resolved as a resolution of the shareowners that the shareowners determine, on an advisory basis, whether the preferred frequency of an advisory vote on the executive compensation of the named executive officers of the Company as set forth in the Company’s proxy statement should be every year, every two years, or every three years.”

The board recommends that you vote to conduct a non-binding, advisory vote on executive compensation once “every year.” Unless a proxy specifies that the shares it represents should abstain from voting or vote for “every two years” or “every three years” for the frequency of the shareowner vote on executive compensation set out above, the persons named in the enclosed proxy intend to vote for “every year” for the frequency of the shareowner vote on executive compensation.

APPROVAL OF REDUCTION IN STATED CAPITAL

We are asking the shareowners to approve a special resolution (the “Stated Capital Reduction Special Resolution”), substantially in the form set out in Appendix A to this proxy statement, authorizing the reduction of the stated capital of Cott’s common shares to \$500 million. The proposed stated capital reduction will enhance our flexibility to declare and pay dividends and purchase its own shares if and when the board of directors determines to do so.

Under the *Canada Business Corporations Act* (the “**CBCA**”), a corporation must maintain a separate capital account for each class of shares it issues. Subject to certain limited exceptions, the CBCA requires that a corporation add to each stated capital account the full amount of any consideration it receives for the shares it issues. Under the CBCA, a corporation is prohibited from taking certain actions, including declaring or paying dividends on its shares or purchasing its own shares, if, among other things, there are reasonable grounds for believing that the realizable value of the corporation’s assets would thereby be less than the aggregate of its liabilities and stated capital of all classes of the corporation’s shares.

The board of directors monitors the realizable value of Cott’s assets, its liabilities and the existing level of the stated capital account for all classes of its shares. Based on its review, and although there are currently no reasonable grounds to believe that the realizable value of Cott’s assets are less than the aggregate of its liabilities and the stated capital of all classes of its shares, the board of directors has decided to submit the Stated Capital Reduction Special Resolution to the shareowners as a housekeeping matter in order to give the board of directors flexibility in managing Cott’s capital structure going forward and, in particular, to provide greater flexibility for the board of directors to continue to declare and pay dividends and purchase its own shares if and when the board of directors determines to do so. In particular, the board of directors believes that the level of the stated capital account for the common shares is unnecessarily high as a result of equity offerings completed in the last few years. Our board of directors may, subject to the best interests of our shareowners, our results of operations, cash balances and future cash requirements, financial condition and covenants and other restrictions on payment set forth in the instruments governing our indebtedness in effect from time to time, determine to pay dividends or purchase its own shares in the future. If the stated capital account of our common shares remains unnecessarily high, the board of directors may not be able to declare and pay such dividends or purchase its own shares to the full extent it would otherwise desire to do so.

The reduction of stated capital will have no impact on the day-to-day operations of Cott and will not, on its own, alter the financial condition of Cott.

The Stated Capital Reduction Special Resolution must be approved by at least two-thirds of the votes cast at the meeting in order to be adopted.

Canadian Federal Income Tax Consequences

THE FOLLOWING IS A SUMMARY OF CERTAIN CANADIAN FEDERAL INCOME TAX CONSEQUENCES OF THE REDUCTION OF STATED CAPITAL OF THE COMMON SHARES. IT IS OF A GENERAL NATURE ONLY AND IS NOT INTENDED TO CONSTITUTE NOR SHOULD IT BE CONSTRUED TO CONSTITUTE LEGAL OR TAX ADVICE TO ANY PARTICULAR HOLDER OF COMMON SHARES. SHAREOWNERS ARE ADVISED TO CONSULT THEIR OWN TAX ADVISORS REGARDING THE CONSEQUENCES OF ACQUIRING, HOLDING, OR OTHERWISE DISPOSING OF THEIR COMMON SHARES, TAKING INTO ACCOUNT THEIR OWN PARTICULAR CIRCUMSTANCES AND ANY APPLICABLE FOREIGN, PROVINCIAL OR TERRITORIAL LEGISLATION.

This summary is based upon the current provisions of the *Income Tax Act (Canada)* (the “**Tax Act**”) and the published administrative policies of the Canada Revenue Agency (the “**CRA**”). This summary also takes into account all specific proposals to amend the Tax Act publicly announced by or on behalf of the Minister of Finance (Canada) prior to the date hereof (the “**Tax Proposals**”) and assumes that all Tax Proposals will be

[Table of Contents](#)

enacted in the form proposed. However, there can be no assurance that the Tax Proposals will be enacted in their current form or at all. Except for the Tax Proposals, this summary does not take into account or anticipate any changes in law or administrative practice, whether by legislative, regulatory, administrative or judicial decision or action, nor does it take into account or consider any provincial, territorial or foreign tax considerations, which may differ significantly from the Canadian federal income tax considerations described herein.

The proposed reduction of the stated capital of the common shares will not result in any immediate Canadian income tax consequences to the holders of common shares. Since no amount will be paid by Cott on the reduction, none of the holders will be deemed to have received a dividend and there will not be any reduction in the adjusted cost base of the common shares to the holders as a result of the reduction of stated capital.

The reduction of the stated capital will reduce the “paid-up capital” (“PUC”) of the common shares for purposes of the Tax Act by an amount equal to the reduction of stated capital. The reduction in PUC of the common shares may have future Canadian federal income tax consequences to a shareowner, including, but not limited to, if Cott repurchases any common shares, on a distribution of assets by Cott or if Cott is wound-up.

United States Federal Income Tax Consequences

The reduction of stated capital contemplated by the Stated Capital Reduction Special Resolution should not constitute a taxable event for our shareowners. As a result, shareowners generally should not recognize gain or loss upon the reduction of stated capital. Each shareowner’s tax basis in its common shares should remain unchanged, and each shareowner’s holding period in its common shares should include the holding period in the common shares held by such shareowner prior to the reduction of stated capital.

Recommendation

The board of directors and management recommend that you vote FOR the Stated Capital Reduction Special Resolution. Sixty-six and two-thirds percent (66 ²/₃ %) of the votes cast must be in favor of the resolution, which is set out at Appendix A on page A-1, in order for the resolution to be approved. Unless a proxy specifies that the shares it represents should abstain from voting or vote against the resolution set out in Appendix A, the persons named in the enclosed proxy intend to vote in favor of the resolution.

Oversight of the Corporation's Relationship with the Independent Auditor

14. The Committee shall be directly responsible for the compensation and oversight of the work of the independent auditor and advisors retained by the Committee (including resolution of disagreements between management and the independent auditor regarding financial reporting) for the purpose of preparing or issuing an audit report or performing other audit, review or attest services. 15. 16. Review with the independent auditor any audit problems or difficulties and management's response. 19. Based on the above mentioned report and the independent auditor’s work throughout the year, the Committee shall evaluate the qualifications, performance and independence of the independent auditor, and select the Corporation’s auditor for the next year, subject to shareowner ratification. In this evaluation, the Committee shall (i) consider whether the independent auditor’s quality controls are adequate and the provision of permitted non-audit services is compatible with maintaining the independent auditor’s independence, (ii) evaluate the lead partner of the independent auditor’s team and make sure that there is a regular rotation of the lead partner, and consider whether, in order to assure continuing auditor independence, there should be regular rotation of the independent auditing firm on a regular basis, (iii) evaluate the independent auditor’s team, and (iv) take into account the opinions of management and internal auditors. The Committee shall present its conclusions with respect to the independent auditor to the Board.
20. The Committee shall review and discuss quarterly reports from the independent auditor (required by Section 10A of the Securities Exchange Act of 1934, as amended (the “Exchange Act”)), on (a) all critical accounting policies and practices to be used, (b) all alternative treatments of financial information within generally accepted accounting principles (“GAAP”) related to material items that have been discussed with management, ramifications of the use of such alternative disclosures and treatments, and the treatment preferred by the independent auditor, and (c) other material written communications between the independent auditor and management, such as any management letter or schedule of unadjusted differences. Additionally, the Committee shall review with the independent auditor the matters required to be discussed under the standards of the Public Company Accounting Oversight Board.
21. The Committee shall pre-approve all auditing services and non-audit services (including the fees and terms thereof) to be performed for the Corporation or its subsidiary entities by its independent auditor. Notwithstanding the foregoing, the Chair of the Committee shall be permitted to pre-approve all auditing services and permitted non-audit services (including the fees and terms thereof) to be performed for the Corporation or its subsidiary entities by its independent auditor; provided that any such pre-approvals shall be subject to ratification by the Committee at its next meeting. This permission is also subject to the de minimus exceptions for non-audit services described in Section 10A(i)(1)(B) of the Exchange Act which are approved by the Committee prior to the completion of the audit. The Committee shall review and discuss with the independent auditor the nature and scope of any tax services to be approved, as well as the potential effects of the provision of such services on the auditor’s independence.
22. Meet with the independent auditor prior to the annual audit to review and discuss the planning and staffing of the audit.

24. Review the significant reports to management prepared by the internal audit department and management's responses.
25. Periodically review, with the independent auditor, the internal audit department's responsibilities, budget and staffing and any recommended changes in the planned scope of the internal audit.
26. Periodically review, with the senior internal audit executive, any significant difficulties, disagreements with management, or scope restrictions encountered in the course of the function's work.

29. Establish procedures for (a) the receipt, retention and treatment of complaints received by the Corporation regarding accounting, internal accounting controls and auditing matters, and (b) the confidential, anonymous submission by employees of the Corporation of concerns regarding questionable accounting or auditing matters.
30. Periodically review and discuss with management, the internal auditors, and the independent auditor the overall adequacy and effectiveness of the Corporation's legal, regulatory and ethical compliance programs, including the Corporation's Code of Business Conduct and Ethics and Code of Ethics for Senior Officers. The Committee shall periodically receive from management confirmation of its compliance with material legal and regulatory compliance requirements. The Committee shall advise the Board with respect to the Corporation's policies and procedures regarding compliance with applicable laws and regulations and with the Corporation's Code of Business Conduct and Ethics and Code of Ethics for Senior Officers. Consistent with these responsibilities, the Committee shall encourage continuous improvement of, and shall foster adherence to, the Corporation's policies, procedures, and practices at all levels. The Committee shall also provide for open communication among the independent auditor, management, the internal audit function, and the Board.
31. Discuss with management and the independent auditor any correspondence with regulators or governmental agencies and any published reports that raise material issues regarding the Corporation's financial statements or accounting policies.
32. Discuss with the Corporation's General Counsel legal matters that may have a material impact on the financial statements or the Corporation's compliance policies and internal controls.
33. It is understood that in order to properly carry out its responsibilities, the Committee shall have the authority, without seeking Board approval and to the extent it deems necessary or appropriate, to retain independent legal, accounting or other advisors. The Corporation shall provide appropriate funding, as determined by the Committee, for payment of compensation to the independent auditor for the purpose of rendering or issuing an audit report or performing other audit, review or attest services for the Corporation and to any advisors employed by the Committee, as well as the funding levels for the ordinary administrative expenses of the Committee that are necessary or appropriate in carrying out its duties.

Committee Membership and Evaluation:

34. Upon the recommendation of the Corporate Governance Committee, the Board shall elect annually from among its members a committee to be known as the Audit Committee to be composed of at least three independent directors, none of whom shall (a) accept directly or indirectly from the Corporation or any subsidiary of the Corporation any consulting, advisory or other compensatory fee, (b) be affiliated with the Corporation, (c) be officers or employees of the Corporation or of any of its affiliates, or have been an officer or employee of the Corporation, any of its affiliates or the independent auditor in the three years prior to being appointed to the Committee, or (d) be an immediate family member of any of these persons.
35. Each member of the Committee shall meet the independence, experience and financial literacy requirements of any stock exchange upon which the Corporation's stock is listed from time to time and in accordance with U.S. and Canadian securities laws, including applicable listing standards. At least one member of the Committee shall be an "audit committee financial expert" (as defined by the U.S. Securities and Exchange Commission).
36. Committee members shall not simultaneously serve on the audit committees of more than two other public companies unless the Board determines that simultaneous service on more than two other audit committees would not impair such member's ability to effectively serve on the Committee. If such a determination is made, it must be disclosed in the Corporation's annual proxy circular.
37. A majority of the members of the Committee shall constitute a quorum. No business may be transacted by the Committee except at a meeting of its members at which a quorum of the Committee is present (in person or by means of telephone conference whereby each participant has the opportunity to speak to and hear one another) or by a resolution in writing signed by all the members of the Committee. Polling of Committee members in lieu of a meeting is not permitted.
38. Each member of the Committee shall hold such office until the next annual meeting of shareowners after election as a member of the Committee. However, any member of the Committee may be removed or replaced at any time by the Board, with or without cause, and shall cease to be a member of the Committee as soon as such member ceases to be a director or otherwise ceases to be qualified to be a member of the Committee. The Board shall fill Committee member vacancies by appointing a member from the Board. If a vacancy on the Committee exists, the remaining members shall exercise all the Committee's powers so long as a quorum exists.
39. Upon the recommendation of the Corporate Governance Committee, the Board shall elect a member of the Committee to act as Chair of the Committee (the "Chair"). The Chair will appoint a secretary who will keep minutes of all meetings (the "Secretary"), which shall be circulated to members of the Board upon completion. The Secretary need not be a member of the Committee or a director and can be changed by simple notice from the Chair.
40. The members of the Committee shall be entitled to receive such remuneration for acting as members of the Committee as the Board may from time to time determine.
41. The Committee may form and delegate authority to subcommittees consisting of one or more members of the Committee when appropriate, including the authority to grant preapprovals of audit and permitted non-audit services, provided that decisions of such subcommittee to grant preapprovals shall be presented to the full Committee at its next scheduled meeting.
42. At least annually, the Committee shall review and reassess the adequacy of this charter. The Committee shall annually review and assess the Committee's own performance.

Disclosure:

This charter shall be made available on the Corporation's website.

Interpretations and Determinations:

The Committee and the Board shall have the power and authority to interpret this charter and make any determinations as to whether any act taken has been taken in compliance with the terms hereof.

Limitation of Audit Committee's Role:

It is not the duty of the Committee to prepare financial statements, to plan or conduct audits or to determine that the Corporation's financial statements and disclosure are complete and accurate and are in accordance with GAAP and applicable rules and regulations. These are the responsibilities of management and the independent auditor.

If you wish to appoint a person other than the persons whose names are printed herein, please insert the name of your chosen proxyholder in the space provided (see reverse).
2. If the securities are registered in the name of more than one owner (for example, joint ownership, trustees, executors, etc.), then all those registered should sign this proxy. If you are voting on behalf of a corporation or another individual, you may be required to provide documentation evidencing your power to sign this proxy with signing capacity stated.
