Acquisitions with a total of EUR 255.8m enterprise value

Successful acquisitions 2011

Acquired company	Strategic rationale
G.S. Robins & Company, St. Louis, Missouri, USA	Improve scale and efficiencies in North America, expand positioning in focus industries like food and water treatment
Zhong Yung (International) Chemical Co., Ltd., Hongkong	Expand geographic coverage into China, the fastest-growing chemical market
Multisol Group Ltd., Nantwich, UK	Improve full-line portfolio and expand it into high-quality base oils and lubricant additives
Amco Internacional S.A. de C.V., Mexico City, Mexico	Improve full-line portfolio and expand it into aroma chemicals, essential oils and food ingredients
Purchase of outstanding shares in Brenntag Polska and acquisition of Motor Polimer sp. z o.o., Suchy Las, Poland	Improve scale and efficiencies in Eastern Europe

Strategic market entry in China

- Acquisition of Zhong Yung (International) Chemical Ltd.
- Purchase of the first tranche of 51% end of August 2011 and consolidation since September 1, 2011
- Acquisition of the remaining stake is contracted for 2016
- Enterprise value for the first tranche of 51% of the shares is EUR 65.8m, higher than previously reported due to strong Q4 performance above expectations
- Zhong Yung is focused on the distribution of solvents with established commercial and logistical infrastructure in the key economic regions in China

Expansion of product portfolio into base oils and lubricant additives

- Acquisition of Multisol Group Ltd., a specialty chemical distributor of high value specialty chemicals
- Enterprise value is EUR 120.4m
- Multisol provides a further product portfolio expansion into lubricant additives and high quality base oils
- Multisol expands Brenntag's mixing and blending capabilities
- Multisol's geographic presence in Europe and Africa complements Brenntag's existing infrastructure and logistics network to drive sales growth

Strategy focus on continued profitable growth

Be the safest, fastest growing, most profitable, global chemical distributor and preferred channel for both specialty and industrial chemicals

- **Focus on organic growth and acquisitions**
 - Intense customer orientation
 - Full-line product portfolio focused on value-added services
 - Complete geographic coverage
 - Accelerated growth in target markets
 - Commercial and technical competence
 - Continued commitment to Responsible Care / Distribution
- **Maintain focus on profitability and returns**
- **Global top initiatives and regional strategies**

Top initiative – Turned-over business

Substantially increase supplier penetration by proactively taking over smaller customers from suppliers

Top initiative – Focused segment growth

Significantly increase share in customer industries where Brenntag can achieve above average growth

1) Adhesives, coatings, elastomers, sealants

Top initiative – Key accounts

Increase business with pan-regional / global key customers based on increased demand

Concept

- **Management believes amount spent by customers on chemical distribution may be 15% to 25% of their total chemical spending**
- **Partnering with an international distributor can greatly reduce the cost and time of supplier management, allowing customer procurement to focus on strategic materials**
- **International distribution can bundle customers' global usage to simplify the interaction with producers**
- **Knowledge gain at one customer site can be rapidly transferred to all other sites, thus lessening project development time, approval of alternate sources, or implementing best-in-class logistics**
- **One contract or working document applies to all business interactions leading to quicker implementation, reduced misunderstandings and elimination of regional differences**
- **An international distributor can grow with the customer as the customer enters new geographical and business markets**

Customers who take advantage of Brenntag's truly global network contributed EUR 670m of sales in 2010.

Top initiative – AdBlue / DEF¹⁾

High volume growth of high quality urea solution needed for catalytic reaction in trucks to fulfill regulatory requirements in Europe (AdBlue) and North America (DEF)

Concept

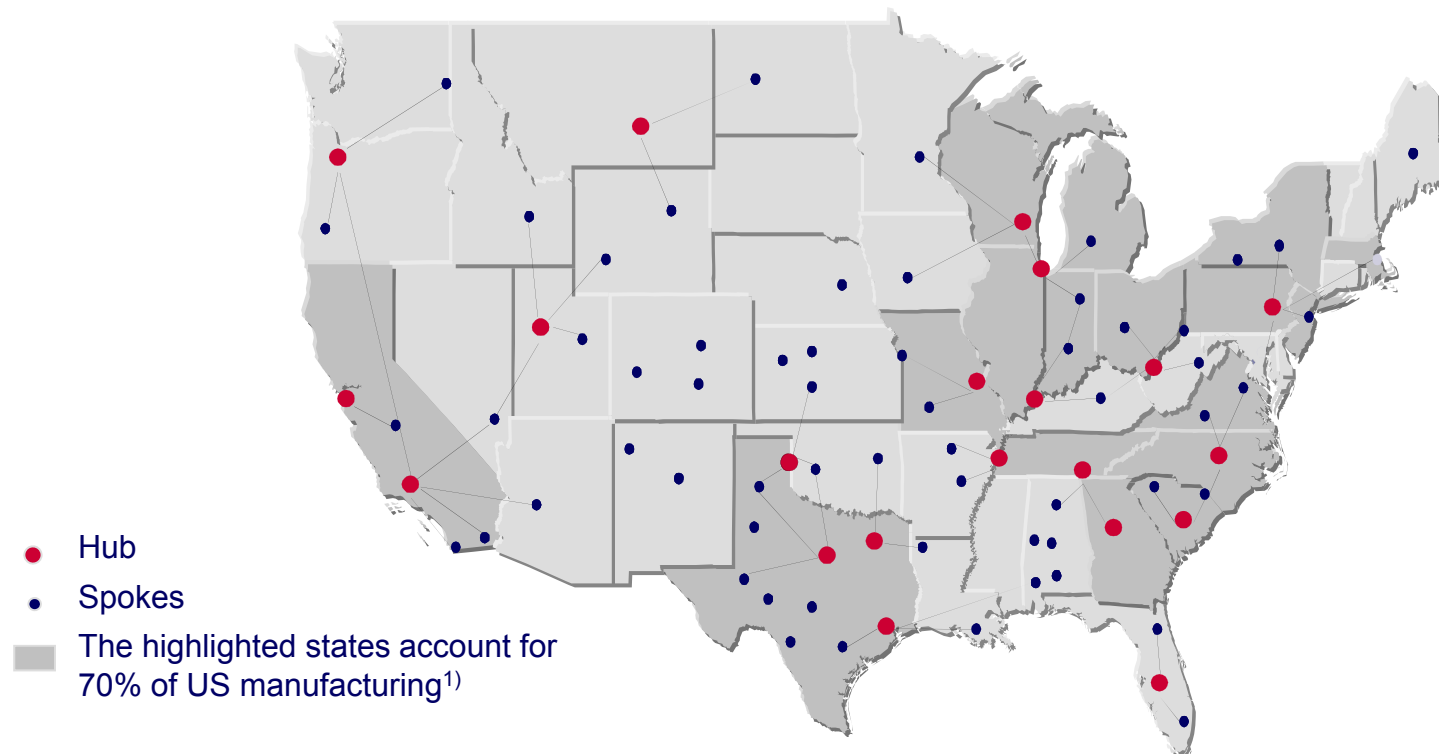

- In Europe and North America new trucks have to meet specific norms for reduced emissions.
- High quality urea solution is needed for catalyst reaction to fulfill those norms.
- Brenntag has developed special logistics and consultancy concepts to facilitate supply of our customers with AdBlue/ DEF. This concept focuses on guaranteeing a consistently high quality standard throughout the supply chain from production and all logistics services to the arrival of the product at the customer's premises.
- For 30 liters of truck diesel 1 liter of AdBlue is required.

1) Diesel Exhaust Fuel

North America – Efficient hub & spoke system

Hub & spoke system – efficient management of stock and storage utilization

- **Larger distribution sites (“hubs”)** are fully equipped with tanks, filling stations, mixing and blending facilities and storage facilities for packaged products
- **Smaller distribution sites (“spokes”)** represent warehouse facilities for packaged products that are supplied from the larger sites

1) BEA Bureau of Economic Analysis

Committed to health, safety and the environment

Committed to the principles of Responsible Care / Responsible Distribution¹⁾

- **Product responsibility**
- **Plant safety**
- **Occupational safety and health**
- **Comprehensive environmental protection (air, water, soil, raw materials, waste)**
- **Transport safety**

Asia Pacific – Clearly defined strategy

**Brenntag's goal:
Full-line distribution in Asia Pacific with access to various markets**

Strategic steps to build up pan-Asian network

Acquisition of EAC Industrial Ingredients

Fully in line with Brenntag's growth strategy to expand presence in emerging markets

Quantum leap from foothold in Asia Pacific to an established Asia Pacific Platform – market entry in two new Asian markets (Cambodia, Bangladesh)

Significant benefits with existing suppliers and customers and potential to further boost business
