# Important Information – Endnotes

---

## Notes to page 3 – KKR’s Second Quarter 2021 Segment Earnings

- The amount of tax benefit from equity-based compensation for 2Q’21 and 2Q’20 was \$55.2 million and \$14.8 million, respectively, and for 2Q’21 YTD and 2Q’20 YTD was \$98.2 million and \$26.7 million, respectively. Its inclusion in After-tax Distributable Earnings had the effect of increasing this metric for 2Q’21 and 2Q’20 by 6% and 4%, respectively, and for 2Q’21 YTD and 2Q’20 by 6% and 3%, respectively.

## Notes to pages 5 and 16 – Assets Under Management and Strategic Investor Partnership and Perpetual Capital

- Perpetual Capital refers to a component of AUM that has an indefinite term and for which there is no immediate requirement to return invested capital to investors upon the realization of investments. Perpetual Capital may be withdrawn by investors under certain conditions, including through an election to redeem an investor’s fund investment or to terminate a client’s investment management agreement with KKR.

## Notes to page 6 – Additional Capital Detail

- KKR’s portion of Uncalled Commitments to its investment funds includes \$10.8 billion and \$0.8 billion to its Private Markets and Public Markets business lines, respectively.

## Notes to page 7 – Fund Investment Performance

- Private Equity Portfolio refers to the portfolio of investments held by all KKR’s private equity flagship funds that have been investing for at least two years. This portfolio does not include investments from KKR’s growth equity (including impact) funds or core investments.
- Private Equity Flagship Funds refers to Americas Fund XII, European Fund V and Asian Fund III, which represent the most recently raised flagship private equity funds within each of KKR’s major geographic regions that have been investing for at least two years.
- Opportunistic Real Estate Portfolio refers to the portfolio of investments held by KKR’s flagship opportunistic real estate equity funds that have been investing for at least two years, including KKR Real Estate Partners Americas II and KKR Real Estate Partners Europe. This portfolio does not include investments from KKR’s core plus real estate fund or real estate credit funds.
- Infrastructure Portfolio refers to the portfolio of investments held by KKR’s flagship core plus infrastructure equity funds that have been investing for at least two years. This portfolio does not include investments from KKR’s core infrastructure fund, KKR Diversified Core Infrastructure.
- The Leveraged Credit Composite refers to the composite of certain investment portfolios made in KKR’s U.S. and European leveraged credit strategies including leveraged loans, high-yield bonds and opportunistic credit.
- The Alternative Credit Composite refers to the composite of investment returns across KKR’s flagship investment funds that have called capital from their investors in KKR’s special situations, dislocation and private credit strategies, including direct lending, mezzanine and private opportunistic credit funds.
- For a list of our carry paying funds, see the Investment Vehicle Summary on pages 20 to 22. See also “Important Information – Other Legal Disclosures” regarding past performance and investment returns.

## Notes to page 12 – Insurance Segment

- Net investment income represents income earned on invested assets, net of investment-related expenses, including investment management fees paid to KKR.
- Net cost of insurance represents the net cost of funding institutional and individual products – interest credited or incurred, benefits incurred, the associated insurance expenses, net of any premiums, fees and other income earned.

# Important Information – Endnotes (cont'd)

---

## Notes to page 13 – Book Value

- Starting in the second quarter ended June 30, 2021, the definition of book value was amended to include the implied amount of tax assets and liabilities attributable to KKR Holdings L.P. as if it was subject to corporate income taxes. This change is useful to management and investors in assessing book value because the definition now includes the anticipated impact that the payment of tax liabilities by KKR would have on book value. This change is expected to have had the effect of reducing book value reported for prior periods, which have not been adjusted for this change.
- KKR owns 61.5% of Global Atlantic following the completion in the second quarter of certain post-closing purchase price adjustments.
- Assuming for the 2021 year that we had paid (i) 65% of the unrealized carried interest earned by the funds that allocate 40% and 43% to the carry pool and (ii) 15% of the unrealized gains in our Principal Activities business line (in each case at the mid-point of the ranges above), our book value as of June 30, 2021 would have been reduced by approximately \$2.39 per adjusted share, compared to our reported book value of \$27.03 per adjusted share on such date.

## Notes to page 14 – Investments Detail

- Investments is a term used solely for purposes of financial presentation of a portion of KKR's balance sheet and includes majority ownership of subsidiaries that operate KKR's asset management, broker-dealer and other businesses, including the general partner interests of KKR's investment funds and the Global Atlantic insurance companies.
- Private Equity includes KKR private equity funds, co-investments alongside such KKR sponsored private equity funds, and other opportunistic investments. Equity investments in other asset classes, such as core, growth, energy, real estate, infrastructure, leveraged credit and private & opportunistic credit appear in these other asset classes.
- Significant Investments include the top five investments based on their fair values as of June 30, 2021. Significant Investments exclude (i) investments expected to be syndicated, (ii) investments expected to be transferred in connection with a new fundraising, and (iii) investments in funds and other entities that are owned by one or more third parties and established for the purpose of making investments. Accordingly, this list of Significant Investments should not be relied upon as a substitute for the "Investment Holdings by Asset Class" pie chart on page 14 for information about the asset class exposure of KKR's balance sheet. The fair value figures include the co-investment and the limited partner and/or general partner interests held by KKR in the underlying investment, if applicable.

# Important Information – Non-GAAP and Other Measures

---

## Non-GAAP and Segment Measures

The key non-GAAP and other operating and performance measures that follow are used by management in making operational and resource deployment decisions as well as assessing the performance of KKR's businesses. They include certain financial measures that are calculated and presented using methodologies other than in accordance with GAAP. These non-GAAP measures, including after-tax distributable earnings (or DE), distributable operating earnings, fee related earnings (or FRE), total asset management segment revenues and book value, are presented prior to giving effect to the allocation of income (loss) between KKR & Co. Inc. and KKR Holdings L.P. and as such represent the entire KKR business in total. In addition, these non-GAAP measures are presented without giving effect to the consolidation of the investment funds and collateralized financing entities ("CFEs") that KKR manages.

We believe that providing these non-GAAP measures on a supplemental basis to our GAAP results is helpful to stockholders in assessing the overall performance of KKR's business. These non-GAAP measures should not be considered as a substitute for financial measures calculated in accordance with GAAP. Reconciliations of these non-GAAP measures to the most directly comparable financial measures calculated and presented in accordance with GAAP, where applicable, are included under the "Reconciliation of GAAP to Non-GAAP Measures" section of this Appendix.

We also caution readers that these non-GAAP financial measures may differ from the calculations made by other investment managers, and as a result, may not be directly comparable to similarly titled measures presented by other investment managers.

- **After-tax Distributable Earnings** is a non-GAAP performance measure of KKR's earnings, which is derived from KKR's reported segment results. After-tax distributable earnings is used to assess the performance of KKR's business operations and measures the earnings potentially available for distribution to its equity holders or reinvestment into its business. After-tax distributable earnings is equal to Distributable Operating Earnings less Interest Expense, Series A and B Preferred Stock dividends, Net Income Attributable to Noncontrolling Interests and Income Taxes Paid. Series C Mandatory Convertible Preferred Stock dividends have been excluded from After-tax Distributable Earnings, because the definition of Adjusted Shares used to calculate After-tax Distributable Earnings per Adjusted Share assumes that all shares of Series C Mandatory Convertible Preferred Stock have been converted to shares of common stock. Income Taxes Paid represents the implied amount of income taxes that would be paid assuming that all pre-tax distributable earnings were allocated to KKR & Co. Inc. and taxed at the same effective rate, which assumes that all units in KKR Holdings L.P. and other exchangeable securities were exchanged for common stock of KKR & Co. Inc. Income Taxes Paid includes amounts paid pursuant to the tax receivable agreement and the benefit of tax deductions arising from equity-based compensation, which reduces income taxes paid or payable during the period. Equity based compensation expense is excluded from After-tax Distributable Earnings, because (i) KKR believes that the cost of equity awards granted to employees does not contribute to the earnings potentially available for distributions to its equity holders or reinvestment into its business and (ii) excluding this expense makes KKR's reporting metric more comparable to the corresponding metric presented by other publicly traded companies in KKR's industry, which KKR believes enhances an investor's ability to compare KKR's performance to these other companies. If tax deductions from equity-based compensation were to be excluded from Income Taxes Paid, KKR's After-tax Distributable Earnings would be lower and KKR's effective tax rate would appear to be higher, even though a lower amount of income taxes would have actually been paid or payable during the period. KKR separately discloses the amount of tax deduction from equity-based compensation for the period reported and the effect of its inclusion in After-tax Distributable Earnings for the period. KKR makes these adjustments when calculating After-tax Distributable Earnings in order to more accurately reflect the net realized earnings that are expected to be or become available for distribution to KKR's equity holders or reinvestment into KKR's business. However, After-tax Distributable Earnings does not represent and is not used to calculate actual dividends under KKR's dividend policy, which is a fixed amount per period, and After-tax Distributable Earnings should not be viewed as a measure of KKR's liquidity.

## Non-GAAP and Segment Measures (cont'd)

- **Book Value** is a non-GAAP performance measure of the net assets of KKR and is used by management primarily in assessing the unrealized value of KKR's net assets presented on a basis that (i) deconsolidates KKR's investment funds and CFEs that KKR manages, (ii) includes the net assets that are attributable to KKR Holdings L.P., and (iii) includes KKR's ownership of the net assets of Global Atlantic. We believe this measure is useful to stockholders as it provides additional insight into the net assets of KKR excluding those net assets that are allocated to investors in KKR's funds and other noncontrolling interest holders and to the holders of Preferred Stock. KKR's book value includes (x) the net impact of KKR's tax assets and liabilities as prepared under GAAP and (y) the implied amount of tax assets and liabilities attributable to KKR Holdings L.P. as if it was subject to corporate income taxes. Series C Mandatory Convertible Preferred Stock has been included in book value, because the definition of adjusted shares used to calculate book value per adjusted share assumes that all shares of Series C Mandatory Convertible Preferred Stock have been converted to shares of common stock. To calculate Global Atlantic book value and to make it more comparable with the corresponding metric presented by other publicly traded companies in Global Atlantic's industry, Global Atlantic book value excludes (i) accumulated other comprehensive income and (ii) accumulated change in fair value of reinsurance balances and related assets, net of deferred acquisition costs and income tax.
- **Distributable Operating Earnings** is a non-GAAP performance measure that KKR believes is useful to stockholders as it provides a supplemental measure of our operating performance without taking into account items that KKR does not believe arise from or relate directly to KKR's operations. Distributable Operating Earnings is presented prior to giving effect to the allocation of income (loss) among KKR & Co. Inc., KKR Holdings L.P. and other exchangeable securities, and the consolidation of the investment funds, vehicles and accounts that KKR advises, manages or sponsors (including collateralized financing entities). Distributable Operating Earnings excludes: (i) equity-based compensation charges, (ii) amortization of acquired intangibles, (iii) strategic corporate transaction-related charges and (iv) non-recurring items, if any. Strategic corporate transaction-related items arise from corporate actions and consist primarily of (i) impairments, (ii) non-monetary gains or losses on divestitures, (iii) transaction costs from strategic acquisitions, and (iv) depreciation on real estate that KKR owns and occupies. Inter-segment transactions are not eliminated from segment results when management considers those transactions in assessing the results of the respective segments. These transactions include (i) management fees earned by KKR as the investment adviser for Global Atlantic insurance companies and (ii) interest income and expense based on lending arrangements where one or more KKR subsidiaries borrow from a Global Atlantic insurance subsidiary. Inter-segment transactions are recorded by each segment based on the definitive documents that contain arms' length terms and comply with applicable regulatory requirements. Distributable Operating Earnings represents operating earnings of KKR's Asset Management and Insurance segments, which are comprised of the following:
- **Asset Management Segment Operating Earnings** is the segment profitability measure used to make operating decisions and to assess the performance of the Asset Management segment and is comprised of: (i) Fee Related Earnings, (ii) Realized Performance Income, (iii) Realized Performance Income Compensation, (iv) Realized Investment Income, and (v) Realized Investment Income Compensation. Asset Management Segment Operating Earnings excludes (i) unrealized carried interest, (ii) net unrealized gains (losses) on investments, and (iii) related unrealized performance income compensation. Management fees earned by KKR as the adviser, manager or sponsor for its investment funds, vehicles and accounts, including its Global Atlantic insurance companies, are included in Asset Management Segment Operating Earnings.
- **Insurance Segment Operating Earnings** is the segment profitability measure used to make operating decisions and to assess the performance of the Insurance segment and is comprised of: (i) Net Investment Income, (ii) Net Cost of Insurance, (iii) General, Administrative, and Other Expenses, (iv) Income Taxes, and (v) Net Income Attributable to Noncontrolling Interests. The non-operating adjustments made to derive Insurance Segment Operating Earnings eliminate the impact of: (i) realized (gains) losses related to asset/liability matching investments strategies, (ii) unrealized investment (gains) losses, (iii) changes in the fair value of derivatives, embedded derivatives, and fair value liabilities for fixed-indexed annuities, indexed universal life contracts and variable annuities, and (iv) the associated income tax effects of all exclusions from Insurance Segment Operating Earnings except for equity-based compensation expense. Insurance Segment Operating Earnings includes (i) realized gains and losses not related to asset/liability matching investments strategies and (ii) the investment management fee expenses that are earned by KKR as the investment adviser of the Global Atlantic insurance companies.

## Non-GAAP and Segment Measures (cont'd)

- **Fee Related Earnings (“FRE”)** is a performance measure used to assess the Asset Management segment’s generation of profits from revenues that are measured and received on a recurring basis and are not dependent on future realization events. KKR believes this measure is useful to stockholders as it provides additional insight into the profitability of KKR’s fee generating asset management and capital markets businesses and other recurring revenue streams. FRE equals (i) Management Fees, including fees paid by the Insurance segment to the Asset Management segment and fees paid by certain insurance co-investment vehicles, (ii) Transaction and Monitoring Fees, Net and (iii) Fee Related Performance Revenues, less (x) Fee Related Compensation, and (y) Other Operating Expenses.
  - Fee Related Performance Revenues refers to the realized portion of Incentive Fees from certain AUM that has an indefinite term and for which there is no immediate requirement to return invested capital to investors upon the realization of investments. Fee-related performance revenues consists of performance fees (i) to be received from our investment funds, vehicles and accounts on a recurring basis, and (ii) that are not dependent on a realization event involving investments held by the investment fund, vehicle or account.
  - Fee Related Compensation refers to the compensation expense, excluding equity-based compensation, paid from (i) Management Fees, (ii) Transaction and Monitoring Fees, Net, and (iii) Fee Related Performance Revenues.
  - Other Operating Expenses represents the sum of (i) occupancy and related charges and (ii) other operating expenses.

**Total Asset Management Segment Revenues** is a performance measure that represents the realized revenues of the Asset Management segment (which excludes unrealized carried interest and unrealized net gains (losses) on investments) and is the sum of (i) Management Fees, (ii) Transaction and Monitoring Fees, Net, (iii) Fee Related Performance Revenues, (iv) Realized Performance Income, and (v) Realized Investment Income. KKR believes that this performance measure is useful to stockholders as it provides additional insight into the realized revenues generated by KKR’s asset management segment.

## Other Measures and Terms

- **Adjusted shares** represents shares of common stock of KKR & Co. Inc. outstanding under GAAP adjusted to include shares issuable upon exchange of all units of KKR Holdings L.P. and other exchangeable securities and the number of shares of common stock assumed to be issuable upon conversion of the Series C Mandatory Convertible Preferred Stock. Weighted average adjusted shares is used in the calculation of After-tax Distributable Earnings per Adjusted Share, and Adjusted Shares is used in the calculation of Book Value per Adjusted Share.
- **Assets Under Management (“AUM”)** represent the assets managed, advised or sponsored by KKR from which KKR is entitled to receive management fees or performance income (currently or upon a future event), general partner capital, and assets managed, advised or sponsored by our strategic BDC partnership and the hedge fund and other managers in which KKR holds an ownership interest. We believe this measure is useful to stockholders as it provides additional insight into the capital raising activities of KKR and its hedge fund and other managers and the overall activity in their investment funds and other managed or sponsored capital. KKR calculates the amount of AUM as of any date as the sum of: (i) the fair value of the investments of KKR’s investment funds and the Global Atlantic insurance companies; (ii) uncalled capital commitments from these funds, including uncalled capital commitments from which KKR is currently not earning management fees or performance income; (iii) the fair value of investments in KKR’s co-investment vehicles; (iv) the par value of outstanding CLOs; (v) KKR’s pro rata portion of the AUM of hedge fund and other managers in which KKR holds an ownership interest; (vi) all AUM of KKR’s strategic BDC partnership; and (vii) the fair value of other assets managed or sponsored by KKR. The pro rata portion of the AUM of hedge fund and other managers is calculated based on KKR’s percentage ownership interest in such entities multiplied by such entity’s respective AUM. KKR’s definition of AUM (i) is not based on any definition of AUM that may be set forth in the governing documents of the investment funds, vehicles, accounts or other entities whose capital is included in this definition, (ii) includes assets for which KKR does not act as an investment adviser, and (iii) is not calculated pursuant to any regulatory definitions.

## Other Measures and Terms (cont'd)

- **Capital Invested** is the aggregate amount of capital invested by (i) KKR's investment funds and Global Atlantic insurance companies, (ii) KKR's Principal Activities business line as a co-investment, if any, alongside KKR's investment funds, and (iii) KKR's Principal Activities business line in connection with a syndication transaction conducted by KKR's Capital Markets business line, if any. Capital invested is used as a measure of investment activity at KKR during a given period. We believe this measure is useful to stockholders as it provides a measure of capital deployment across KKR's business lines. Capital invested includes investments made using investment financing arrangements like credit facilities, as applicable. Capital invested excludes (i) investments in certain leveraged credit strategies, (ii) capital invested by KKR's Principal Activities business line that is not a co-investment alongside KKR's investment funds, and (iii) capital invested by KKR's Principal Activities business line that is not invested in connection with a syndication transaction by KKR's Capital Markets business line. Capital syndicated by KKR's Capital Markets business line to third parties other than KKR's investment funds or Principal Activities business line is not included in capital invested.
- **Fee Paying AUM ("FPAUM")** represents only the AUM from which KKR is entitled to receive management fees. We believe this measure is useful to stockholders as it provides additional insight into the capital base upon which KKR earns management fees. FPAUM is the sum of all of the individual fee bases that are used to calculate KKR's and its hedge fund and BDC partnership management fees and differs from AUM in the following respects: (i) assets and commitments from which KKR is not entitled to receive a management fee are excluded (e.g., assets and commitments with respect to which it is entitled to receive only performance income or is otherwise not currently entitled to receive a management fee) and (ii) certain assets, primarily in its private equity funds, are reflected based on capital commitments and invested capital as opposed to fair value because fees are not impacted by changes in the fair value of underlying investments.
- **Uncalled Commitments** is the aggregate amount of unfunded capital commitments that KKR's investment funds and carry-paying co-investment vehicles have received from partners to contribute capital to fund future investments. We believe this measure is useful to stockholders as it provides additional insight into the amount of capital that is available to KKR's investment funds and carry paying co-investment vehicles to make future investments. Uncalled commitments are not reduced for investments completed using fund-level investment financing arrangements or investments we have committed to make but remain unfunded at the reporting date.

## Past Performance and Investment Returns

Past performance is not a guarantee of future results. Information about any fund or strategy and investments made by such fund or strategy, including past performance of such fund, strategy or investment, is provided solely to illustrate KKR’s investment experience, and processes and strategies used by KKR in the past with respect to such funds or strategies. The performance information relating to KKR’s historical investments is not intended to be indicative of any fund’s or strategy’s future results or the future results of KKR. Certain funds or strategies are also relatively new and their limited historical results may not be indicative of results they will experience over a longer period of time. There can be no assurance that any KKR entity (including any KKR investment fund, vehicle or account, the KKR balance sheet or Global Atlantic insurance company) will achieve results comparable to any results included in this presentation, or that any investments made by KKR entity now, in the past or in the future will be profitable, or that KKR entities will find investment opportunities similar to any presented in connection with this presentation. Actual realized value of currently unrealized investments will depend on, among other factors, the value of the investments and market conditions at the time of disposition, related transaction costs, and the timing and manner of sale, all of which may differ from the assumptions and circumstances on which the currently unrealized valuations are based. Accordingly, the actual realized values of unrealized investments may differ materially from the values indicated herein.

## Estimates and Assumptions

Target, goal, hypothetical or estimated results, projections and other comparable phrases and concepts are hypothetical in nature and are shown for illustrative, informational purposes only. ## Forward Looking Statements

This presentation contains certain forward-looking statements pertaining to KKR (including Global Atlantic), including investment funds, vehicles and accounts managed by KKR and the insurance companies managed by Global Atlantic. You can identify these forward-looking statements by the use of words such as “outlook,” “believe,” “think,” “expect,” “potential,” “continue,” “may,” “should,” “seek,” “approximately,” “predict,” “intend,” “will,” “plan,” “estimate,” “anticipate,” the negative version of these words, other comparable words or other statements that do not relate strictly to historical or factual matters. Forward-looking statements relate to expectations, estimates, beliefs, projections, future plans and strategies, anticipated events or trends and similar expressions concerning matters that are not historical facts, including but not limited to the statements with respect to: the declaration and payment of dividends in future quarters; the timing, manner and volume of repurchase of common stock; the timing, manner and pricing of redemptions of preferred stock; future expectations related to Fee Related Earnings, After-tax Distributable Earnings, Book Value, Distributable Operating Earnings, and other measures and performance metrics; KKR’s ability to grow its AUM, to deploy its capital, to realize currently unrealized investment returns and the time period over which such events may occur; KKR’s ability to manage Global Atlantic’s investments; operation of Global Atlantic following the closing of KKR’s acquisition of Global Atlantic; the Global Atlantic acquisition’s effects on KKR’s operating results; expansion and growth opportunities and other synergies resulting from the Global Atlantic acquisition and other acquisitions, reorganizations or strategic partnerships.

These forward-looking statements are based on KKR’s (including Global Atlantic’s) beliefs, assumptions and expectations, taking into account all information currently available to it. These beliefs, assumptions and expectations can change as a result of many possible events or factors, not all of which are known to KKR (including Global Atlantic) or are within its control. If a change occurs, KKR’s business, financial condition, liquidity and results of operations, including but not limited to dividends, tax assets, tax liabilities, AUM, FPAUM, After-tax Distributable Earnings, capital invested, syndicated capital, uncalled commitments, cash and short-term investments, Fee Related Earnings, adjusted EBITDA, core interest expense and book value, debt levels, outstanding shares of common stock and capital structure may vary materially from those expressed in the forward-looking statements.

The following factors, among others, could cause actual results to vary from the forward-looking statements: failure to realize the anticipated benefits within the expected timeframes from the acquisition of Global Atlantic; unforeseen liabilities or integration and other costs of the Global Atlantic acquisition and timing related thereto; changes in Global Atlantic’s business; distraction of KKR’s or Global Atlantic’s management or other diversion of resources within each company caused by the Global Atlantic acquisition; retention of key Global Atlantic employees; Global Atlantic’s ability to maintain business relationships following the acquisition; the severity and duration of the COVID-19 pandemic; the pandemic’s impact on the U.S. and global economies; foreign, federal, state and local governmental responses to the pandemic; whether KKR realizes all or any of the anticipated benefits from converting to a corporation and the timing of realizing such benefits; whether there are increased or unforeseen costs associated with the conversion, including any adverse change in tax law; the volatility of the capital markets; failure to realize the benefits of or changes in KKR’s or Global Atlantic’s business strategies including the ability to realize the anticipated synergies from acquisitions (including the Global Atlantic acquisition), strategic partnerships or other transactions; availability, terms and deployment of capital; availability of qualified personnel and expense of recruiting and retaining such personnel; changes in the asset management or insurance industry, interest rates, credit spreads, currency exchange rates or the general economy; underperformance of KKR’s or Global Atlantic’s investments and decreased ability to raise funds; KKR’s and Global Atlantic’s compliance with laws applicable to their respective businesses; changes to Global Atlantic as a consolidated subsidiary of KKR; ability of KKR to manage Global Atlantic’s investments; KKR’s control of Global Atlantic; changes in Global Atlantic policyholders’ behaviors; any disruption in servicing Global Atlantic’s insurance policies; the use of estimates and risk management in KKR’s or Global Atlantic’s business; outcome of KKR’s or Global Atlantic’s litigation and regulatory matters; and the degree and nature of KKR’s and Global Atlantic’s competition.

These statements are subject to numerous risks, uncertainties and assumptions, including those listed in this Appendix and described under the section entitled “Risk Factors” in KKR & Co. Inc.’s Annual Report on Form 10-K for the year ended December 31, 2020, filed with the SEC on February 19, 2021, as such factors may be updated from time to time in our periodic filings with the SEC, which are accessible on the SEC’s website at [www.sec.gov](http://www.sec.gov). These factors should not be construed as being exhaustive and should be read in conjunction with the other cautionary statements that are included in this presentation and in KKR’s filings with the SEC.

All forward-looking statements speak only as of the date of this presentation. KKR does not undertake any obligation to update any forward-looking statements to reflect circumstances or events that occur after the date on which such statements were made except as required by law.
