Market Environment

Old-age provision

Statutory pension level decreases

Source: Report Federal Ministry of Labour and Welfare 2012

+

- + Increasing need for private provision – statutory pension level decreases
- + Wide scope of state subsidies/allowances and tax breaks for citizens in Germany

Year-on-year comparison new contracts 2013

Source: GDV 2014

-

- Uncertainty among consumers leads to hesitancy regarding long-term investments
- Low interest rates and negative reports about life insurance contracts have led to greater hesitancy
- Short-term oriented investment preferences for savings – real estate preference for provision

Market Environment

Healthcare

Future development of healthcare system

Source: Continentale Krankenversicherung AG

Decreasing No. of insurees with full insurance

Source: PKV-Verband (German Association of Private Health Insurers)

+

- + Due to demographic development private provision in general is becoming more and more important
- + Greater focus in long-term care due to decreasing level of statutory coverage and introduction of new state-subsidised product in January 2013

-

- Political discussion regarding private health insurance causes uncertainty and hesitance among consumers in 2013
- German consumers not yet familiar with long-term care provision

Diverse regulatory activities – MLP is well prepared

Basel III / Capital Requirements Directive IV

- EU directive and regulations in force since July 2013. New regulations concerning appropriate capitalisation apply from January 2014.
- Continuous **strengthening of MLP's capital base** in order to ensure maintenance of the currently comfortable equity capital situation.

Act on Promoting and Regulating fee-based Advice on Financial Instruments ("Honoraranlageberatungsgesetz")

- The German government has decided to introduce an occupational profile for fee-based consultants **in wealth management** (introduction in August 2014) and is currently drawing up legislation prior to the implementation of the EU directive MiFiD II.
- MLP clients are fully credited with kickbacks that MLP receives from investment companies for the brokerage of investment assets (flat fee) – MLP thus already **fulfils the main requirement** for registration as a fee-based advisor. Due to the remoteness from the market with respect to the treatment of existing contracts we actually do not consider a registration.

MiFiD II

- Decided upon at EU level in trialogue. The directive requires that "independent advisory services" in the **wealth management area** a) have access to a sufficient number of products available in the market AND b) do not take in any **commissions from Third Parties**.
→ Expected transposition into national law: 2016 – already largely covered by the Act on Promoting and Regulating fee-based Advice on Financial Instruments in Germany.

IMD II

- IMD II constitutes a revision of an EU level directive for the **insurance area** which pursues analogous aims to MiFiD II.
- No agreement has yet been reached with respect to the actual composition of this directive. Final decisions are expected to be taken in the next months.
→ Expected transposition into national law: 2017.

Life Insurance Reform Act (LVRG) – Overview

Overview of the planned changes

- Modification of insuree participation in valuation reserves
- For restricted insuree participation in valuation reserves: limitation of dividend payments by insurers to their shareholders
- Increase of minimum participation in risk surplus from 75% to 90%
- Reduction of the guaranteed interest rate from 1.75% to 1.25% starting from 2015
- Disclosure of effective administration costs for life insurance contracts according to the yield reduction method
- Reduction of the maximum zillmerisation rate from 4% to 2.5%

Process

- June,13: Bundesrat (Federal Council)
- June,24: 1st reading in the Bundestag (German parliament)
- June,30: Hearing
- July,2: Last committee session (*final amendments*)
- July,3 and 4: 2nd and 3rd reading in the Bundestag
- July,11: passed by the Bundesrat
- End of July: Publication in the Bundesgesetzblatt (Federal Law Gazette)

Growth initiatives for the future

Growth initiatives

- 1 Further broadening of the revenue base**
 - Brokerage of real estate in MLP private client business
 - Expansion of the corporate client business through a range of visible non-life insurance offerings for companies – acquisitions possible
 - Further strengthening of the real assets portfolio at FERl
 - Acquisitions in the FERl business fields are being specifically assessed
- 2 Consistent implementation of a digitalisation strategy**
 - Increased presence on the Internet and in social media to reach students and graduates
 - Online contract conclusion for simple products for new clients
 - Extended online services for existing clients (video conference, digital signature etc.)
- 3 Further development of technology leadership**
 - Complete virtualisation of the work place increases flexibility for the future
 - New consulting application as a foundation for further development stages
- 4 Recruiting and opening of new branches**
 - Tap the full potential of the new consultant entry models introduced in 2013
 - Opening of 4 branches per year in the university segment

On-going efficiency management

Summary

- MLP continues to benefit from the new **breadth of the business model**
- **Framework conditions** remain **challenging** – particularly in health insurance and old-age provision
- **Q1: Positive signs in Q1** – but these still **need to become more established**
- As is usual in the MLP business model, it is particularly the **second half-year** that plays a crucial role in the full-year results
- **Outlook for 2014 reiterated**
