

COMPANY PROFILE

Founded in 2017, NESR is one of the largest national oilfield services providers in the MENA and Asia Pacific regions. With over 5,000 employees, representing more than 60 nationalities in over 15 countries, the Company helps its customers unlock the full potential of their reservoirs by providing production services such as hydraulic fracturing, cementing, coiled tubing, filtration, completions, stimulation, pumping and nitrogen services. The Company also helps its customers access their reservoirs in a smarter and faster manner by providing drilling and evaluation services such as drilling downhole tools, directional drilling, fishing tools, testing services, wireline, slickline, fluids and rig services.
