II. Capital Stock and Shares

Section 4

Capital Stock

1. The Company has capital stock of €1,228,504,232 and is divided into 1,228,504,232 no-par value ordinary shares. The capital stock was paid up by way of conversion of SAP AG to a European Company (SE).
2. The shares are no-par value shares. They are in bearer form.
3. Subject to the consent of the Supervisory Board, the Executive Board shall determine the form of the share certificates, dividend coupons, and renewal coupons, as well as bonds and interest coupons. The Company may combine single shares into share certificates representing a majority of shares (multiple-share certificates). Shareholders are not entitled to share certificates.
4. When new shares are issued, the commencement of dividend entitlement in respect of these new shares may be determined in derogation of Section 60 (2) AktG.
5. The Executive Board is authorized, subject to the consent of the Supervisory Board, to increase the capital stock, on one or more occasions on or before May 19, 2025, by an aggregate amount of up to €250 million against contributions in cash by issuing new no-par value bearer shares (Authorized Capital I). The new shares are to be offered to the shareholders for subscription, with an indirect subscription right within the meaning of Section 186 (5) sentence 1 AktG being sufficient in this context. The Executive Board is authorized, however, subject to the consent of the Supervisory Board, to exclude fractional shares from the shareholders' subscription rights.

The Executive Board may only exercise the authorization to exclude subscription rights to such an extent that the proportionate amount of the newly issued

shares does not exceed a total of 10% of the share capital. The decisive factor for the calculation of the 10% limit is the share capital that exists at the time the resolution on this authorization is passed. If the share capital is lower at the time the authorization is exercised, this value is decisive. As to the 10% limit, it shall be taken into account if, during the term of this authorization until it is exercised, other authorizations to issue shares in the Company, or to issue rights that entitle or oblige to subscribe to shares in the Company, are exercised and the subscription right is excluded.

The Executive Board is further authorized, subject to the consent of the Supervisory Board, to determine the further details of the implementation of capital increases from Authorized Capital I. The Supervisory Board is authorized to amend the wording of the Articles of Incorporation after the full or partial implementation of the capital stock increase from Authorized Capital I or after the expiration of the authorization period to reflect the volume of the capital increase from Authorized Capital I.

6. The Executive Board is authorized, subject to the consent of the Supervisory Board, to increase the capital stock, on one or more occasions on or before May 19, 2025, by an aggregate amount of up to €250 million against contributions in cash or in kind by issuing new no-par value bearer shares (Authorized Capital II). An indirect subscription right within the meaning of Section 186 (5) sentence 1 AktG may also ensure compliance with the statutory shareholders' subscription right. The Executive Board is authorized, subject to the consent of the Supervisory Board, to exclude the shareholders' statutory subscription rights in the following circumstances:

- in respect of fractional shares;
- insofar as required to grant subscription rights to new shares to holders and/or beneficiaries of conversion and/or option rights or obligors under conversion and/or option obligations under bonds issued by the Company or a group company in the same volume as they would be entitled to if they exercised their conversion and/or option rights or fulfilled their conversion and/or option obligations;
- in the case of capital increases against contributions in cash, if, in accordance with Section 186 (3) sentence 4 AktG, the issue price of the new shares does not fall significantly short of the stock exchange price of the same class and type of shares already traded on the stock exchange at the time of the final determination of the issue price and the proportionate amount of the newly issued shares does not exceed a total of 10% of the share capital. The decisive factor for the calculation of the 10% limit is the share capital that exists at the time the resolution on this authorization is passed. If the share capital is lower at the time the authorization is exercised, this value is decisive. As to the 10% limit, it shall be taken into account if, during the term of this authorization until it is exercised, other authorizations to issue or to sell shares in the Company, or to issue rights that entitle or

oblige to subscribe to shares in the Company, are exercised and the subscription right is excluded pursuant to or in accordance with Section 186 (3) sentence 4 AktG;

- in the case of capital increases against contributions in kind for granting shares in connection with mergers with other enterprises or acquisitions of enterprises or parts thereof or interests therein or of other contributable assets;
- to implement a scrip dividend by which shareholders are given the option of contributing their dividend entitlements to the Company (either in whole or in part) as a contribution in kind against the issue of new shares from Authorized Capital II.

The Executive Board may only exercise the above-described authorization to exclude subscription rights to such an extent that the proportionate amount of the newly issued shares does not exceed a total of 10% of the share capital. The decisive factor for the calculation of the 10% limit is the share capital that exists at the time the resolution on this authorization is passed. If the share capital is lower at the time the authorization is exercised, this value is decisive. As to the 10% limit, it shall be taken into account if, during the term of this authorization until it is exercised, other authorizations to issue shares in the Company, or to issue rights that entitle or oblige to subscribe to shares in the Company, are exercised and the subscription right is excluded.

The Executive Board is further authorized, subject to the consent of the Supervisory Board, to determine the further details of the implementation of capital increases from Authorized Capital II. The Supervisory Board is authorized to amend the wording of the Articles of Incorporation after the full or partial implementation of the capital stock increase from Authorized Capital II or after the expiration of the authorization period to reflect the volume of the capital increase from Authorized Capital II.

7. The capital stock shall be subject to a further contingent increase by up to €100 million by issuing up to 100 million no-par value bearer shares (Contingent Capital I). The contingent capital increase shall be implemented only to the extent that the holders or creditors of convertible bonds or warrants under warrant-linked bonds issued or guaranteed by SAP SE or any of its direct or indirect majority holdings on or before May 11, 2026 by virtue of the authorization resolved by the annual General Meeting of Shareholders of May 12, 2021 exercise their conversion or option rights or fulfill their conversion or option obligations and no other methods for servicing these rights are used. The new shares shall in each case be issued at the conversion or option price to be determined in accordance with the above authorization resolution. The new shares shall participate in the profits as from the beginning of the fiscal year in which they are created as a result of the exercise of conversion or option rights or upon the fulfillment of the conversion or option obligation. The Executive Board shall be authorized to determine the further details of the implementation of the contingent capital increase.

Section 20

For any amendments of the Articles of Incorporation which require a simple majority for stock corporations established under German law, however, the simple majority of the valid votes cast shall suffice if at least half of the subscribed capital is represented or, in the absence of such quorum, the majority prescribed by law shall suffice.
