COMPANY PROFILE
Siltronic is one of the world’s leading manufacturers of hyperpure silicon wafers and a partner to many leading semiconductor companies. The company has a network of state-of-the-art production sites in Europe, Asia and the USA. Siltronic develops and manufactures silicon wafers in diameters of up to 300 mm. Silicon wafers are the basis of the modern microelectronics and nanoelectronics. They are key components of e.g. computers, smartphones, flat screens, navigation systems, control systems for the automotive industry and many other applications.
