

COMPANY PROFILE

TPI Composites, Inc. (TPI) is the only independent manufacturer of composite wind blades for the wind energy market with a global manufacturing footprint and accounted for approximately 18% of all sold onshore wind blades on a MW-basis globally in 2019. TPI delivers high-quality, cost-effective composite solutions through long term relationships with leading OEMs in the wind and transportation markets. TPI is headquartered in Scottsdale, Arizona and operates factories throughout the U.S., China, Mexico, Turkey, and India. TPI also has engineering development centers in Denmark and Germany.
