# DYNAMIC INVESTMENT STRATEGY

---

Chimera focuses on acquiring Residential Mortgage Loans, Non-Agency RMBS, Agency RMBS and Agency CMBS

---

## Residential Mortgage Loans

Chimera acquires residential mortgage loans. Chimera utilizes leverage through a combination of securitization, repo and warehouse facilities to manage risk and increase returns on the portfolio. Chimera's loan portfolio has historically generated higher returns with less price volatility and interest rate risk than comparable Agency RMBS.

## Non-Agency RMBS

Chimera invests in both investment grade and non-investment grade RMBS. This portfolio provides high risk-adjusted returns while providing increased liquidity. Non-Agency RMBS securities typically carry higher yields than Agency RMBS.

## Agency RMBS

Agency mortgage-backed securities that are backed by residential loans provide spread income for the portfolio with the added benefit of liquidity. Chimera utilizes repo and various hedging techniques to increase returns on the portfolio while managing interest rate risk. Agency mortgage backed securities are amongst the most liquid securities available in the fixed income market.

## Agency CMBS

Chimera acquires Agency CMBS primarily in the form of Ginnie Mae Construction Loan and Ginnie Mae Permanent Loan Certificates. These assets typically have prepayment protection. This prepayment protection generally makes these assets longer duration and thus more efficient to hedge interest rate risk compared to Agency RMBS.

# THE SECURITIZATION PROCESS

Chimera has created term-funding through securitization

CIM buys \$100mm Non-Agency mortgage bond or loans from dealer

CIM deposits the bond or loans into a trust

The trust issues bonds backed by the cashflow of the underlying bond or loans

The Senior A note receives all principal from the collateral and interest on its \$70mm bond until the bond is paid off

The Subordinate B note receives interest on its \$30mm bond, absorbs losses and starts to receive principal only after the Senior A note is paid in full
